The Funniest Thing Here

Ed Peterkin Tells of a Ketchup Episode

Each oldtime citizen here can recall no doubt, some incident which he may look upon as the funniest thing that ever happened in Brea and vicinity, but Ed Peterkin — who has been here since time was — has really recalled one.

It happened way back when Brea was young and raw — muddy and pretty tough. And Peterkin recounts the happening very explicitly, as he was one of those first-dayers who witnessed it.

Mal Salveson had a grocery on the now vacant northwest corner of Ash and Pomona avenue, and in one of the buildings across the street, near the Brea hotel was a cafe. Near the Salveson store there was also a bakery. It is remembered that the actual bakery

before several pursuers were able to
overtake and overpower him, and make
him understand eventually that he was
not badly hurt. Anyhow, this is Peterkin's
account of the funniest incident in Bua.

while an expert on the job, was not at all a handsome fellow.

This baker, however, had the knack of keeping dressed properly and white at work always wore the conventional white coat and long apron. Thus he presented at least a neat appearance. It was his custom also to ~~deliver his~~ ~~baker~~, ~~however~~, bread and pastries to the cafe across the street and to other nearby purchasers. These he would carry over in his arms.

It developed that he and the cafe man had been tiffing about prices or some other minor subject, but never before had they done other than exchange a few cuss words. Probably both were not in the best humor when they met on this particular morning when the baker appeared as usual in the cafe with his arm load of bread.

The result of the forthwith quarrel ⁽¹⁾ between the two was that the cafe man struck the baker over the head with a bottle of ketchup. Immediately the baker's white coat and ^{apron} were covered with ketchup, very blood appearing to the baker who imagined he had been killed and rushed out of the cafe, across the street and into the Salveson store.

The baker was bleeding ketchup constantly from his head to his feet, streaking everything he encountered. In the store, trading at the time, were several ladies who fainted and dropped to the floor. Observing that the baker ~~rushed~~ ran from the grocery and south along the avenue for some distance

COMPLETE ROSTER OF ALL LOCAL BOYS IS REQUESTED

In order to assist the county recorder in compiling a complete list of all Orange county boys who have enlisted or been inducted into the service via the draft procedure, it is requested that friends of relatives residing in this district fill out the coupon below. After all the names have been received and tabulated by the county recorder, it will be possible at any time to secure needed information regarding the whereabouts of local boys who are serving their country.

The archives of the county will in after years show succeeding generations the record of the patriotic men who served during the fearful crisis.

Records found in the office of the local exemption board are not complete owing to the fact that many men volunteered. So please take a few minutes and fill out the coupon. At future time a complete roster of the heroes will be published.

Fill out blank below, cut out, and mail to The Star office, or to County Treasurer Joplin.

RECEIVE PEACE NEWS WITH JOY CLEAN UP DAY FOR THIS CITY

For a moment the horrid thought of "Fire" flashed into the minds of Brea residents, Tuesday morning at the shrieking of the shop and oil field whistles but a gleeful irregularity in the blowing quickly dispelled this and the word was quickly passed.

As it was the first meeting of the month, the usual bills, reports and etc. were taken up by the Brea City Council at their regular session Wednesday evening.

Reports of influenza cases in Brea

'FLU' IN BREAD SAYS BAKER

George Schuppert, who for thirty years has been a baker in several states and in California, eighteen years ago returned to Brea, California where he has the reputation of making the best bread in the whole state. He has experimented for the last ten years with different ingredients to use in bread in order to attain his present reputation and from these experiments believes the present epidemic of influenza that is sweeping the country would not be and could be stopped if corn substitutes were done away with and particularly the corn substitute that is being used in the bread today, it is understood, by many bakers.

Mr. Schuppert issues the following signed statement upon the subject:

"For ten years I have been working on substitutes—something that would keep the bread from drying out and with all my experience, the corn kernel, such as used as a substitute in the bread today, is a deadly poison to any wheat kernel. It will ferment in twenty-four hours when used with the hard wheat kernel and will getabby. You have undoubtedly come in contact with this in using certain brands of crackers or in old bread where the corn substitute is used.

Corn as a substitute is the most dangerous fever germ that may be found in any cereal. For the last two years the corn has not matured in the middle west, even having been used to dry it in and farmers would not feed it to their hogs and cattle and now the public is using this same corn as a substitute for a large part of its food. Every small mill in the middle west that was lying idle is grinding corn substitutes today. The middle west has been so hot that the corn cereal has fermented and

MEXICAN WOMAN JAILED

A Mexican woman it is reported,
had a bad half hour Wednesday as the
result of the practice of walnut pick-
ers to glean their living from neigh-
boring corn fields.

Mexicans camped near the Toler
ranch have been taking corn from
there by the ear for themselves and
the stalk for their horses for some
time.

Wednesday Constable H. E. An-
roy received word that by an immedi-
arrival at the Tolier ranch, he
found a woman in the field who
he made a search of and found
some corn.

...the
...of
...the
...of
...the
...of
...the
...of

This is finding corn substituted today.
The middle was has been so hot that
the corn cereal has fermented and
now we are getting the result of it
in the so-called Spanish influenza that
is and has been sweeping the land.

In studying what to use to abide
with the Food Administration and
patriotically conserve the wheat I
found the hard Fico Kernal to be the
best substitute as this hard cereal
would not ferment when put in con-
tact with the hard wheat kernal. As
an illustration I wish to call your
attention to the very few cases of
the flu in Brea while in neighbor-
ing towns there is no question of an
epidemic prevailing. The majority of
the Brea people use my bread with
the fico substitute in place of bread
with the corn substitute and have for
a good long time. They are reaping the
results in not being the victims of
this epidemic. You have noticed that
in Mexican camps where corn and its
products are the principal items
of food they are all having the "flu".
It is most assuredly an epidemic in
these camps.

The sooner the public realizes the
danger of the corn substitute the
sooner they will get well. Why, the
bread with the corn substitute will
harden like a rock in the stomach.

When put with wheat flour this corn
substitute makes it as heavy as lead
and many times the fermentation is so
strong that the bread will become
sour, this being caused by the sub-
stitute having already fermented be-
fore it was put into the wheat flour.
There of course is a different but
I believe there is no corn substitute

states they haven't begun to be ad-
died.

We are camping in the woods and
it is raining tonight. This country
is prettier than ever, but as far as
girls go I haven't seen one yet that
would tempt a nigger to stay, let
alone a white man. The people are
nice enough in a way.

Later—Was called out for detail
with my squad but will finish this be-
fore I retire. Am writing this lay-
ing on my stomach, my mess kit for
a desk, with a candle light and the
wind blowing about sixty miles an
hour. A soldier here only has two
comforts, an occasional smoke and
the letters from home.

One thing more and I'll close. If I
ever get married I'm going to have
my wife faithfully promise, in the
wedding ceremony, never to serve
any corned beef, or bully beef as the
boys call it. Feel like committing
suicide every time I see a can of the
stuff. Could eat one of those good
pies like you make, two dozen dough-
nuts, three cakes, and a dozen cook-
ies right now and never blush.

Sept. 18—Suppose you have read
about the big drive. We did not hap-
pen to be lucky enough to be in it but
hope to be in the next one.

We are sleeping in barracks again
but the weather is still wet. Have
several souvenirs to bring home,
among them an iron and a silver
cross.

We are getting fine eats now, beans
all kinds of meat, jam, good bread
and coffee. Are guarding German
prisoners but hope to be relieved an-
so to the front soon. The aeroplane
are as thick here as flies in the air
trains, and think I used to
twenty miles to see one. We
pushing the Hun back and hope
be with you soon but not before
spring at the earliest.

Received five letters from home
day, the first in a long time, writ-
anywhere from August 1st to Au-
gust 15th. It is getting real cool,
much like California weather. If
wind, time and my weather is
in my hand.

M. H. MILLS CO.

Wait on Yourself
And Save Money

home at Tacoma, Washington. The Progress goes to them every week.

B. H. Peterkin and family, accompanied by relatives from Orange and Santa Ana, spent Sunday fishing at Newport-Beach and they brought back the goods. The editor has positive proof of this fact as himself and family were the happy recipients of the finest mess of fish they have enjoyed for some time, thanks to their generosity.

W. H. Penniman, of Oakland, is here to spend a few weeks visit with his brother-in-law, I. R. Collins. Mr. Penniman is suffering the loss of his wife, a sister to Mr. Collins, which occurred June 8. The body was temporarily interred at Oakland, but in the fall it is expected to take the remains back to the old home place in Walkerton, Ontario, Canada, where they will be laid to rest.

Notwithstanding the "calories" the attendance at the open meeting of the oil workers in Sewell hall last Thursday evening was good, and there was an excellent program for the enjoyment of all those present. Not only several good speakers, but a number of choice musical selections, both vocal and instrumental which were highly appreciated, followed by the usual dance.

For the screen rights alone to "Daddy Long Legs," Mary Pickford paid \$40,000 cash to Klaw & Erlanger. This is said to be a record figure. "Daddy Long Legs" is a 7-part special from Miss Pickford's own studios. It will be shown at the Rialto theater, Fullerton, next Wednesday and Thursday at 7:15 and 9. A special matinee will be given on Wednesday only at 2:30 at reduced prices. Reserved seats are now selling.

Ye shades of Olympic races! Records were smashed to smithereens (?) Monday night when Ben F. Blanchard, on a \$3.00 wage, accepted the challenge of George Shuppert for a five block footrace. The athletes, accompanied by an

auto load of fans, hied for the schoolhouse and were to run to the Brea Garage. At the word "Go!" they sped down the highway at a 2:40 gait, but, alas, scarcely had they traversed one block before the baker got so full of wind he couldn't run any farther. He was a "has-waser" and didn't know it, while Benjamin Franklin was still "champing at the bits" and rearing upon his haunches in his equine desire to finish the sprint as his "seconds" groomed him down after the "heat." The "six bones" were produced by the stake holders and the racing party proceeded to tank up on root beer and soda pop.

Your watch will keep better time if you have it repaired by Dietrich, the Jeweler and Optometrist, Fullerton. Look for the Eyes on the window.

Who would ever thought Mike Godfrey had any musical propensities? Yet it is a matter of record that he is the owner of a brand new A. B. C. electric washing machine purchased of the Hurst-Nichols Electrical Works. It operates on the rotary principle the same as an Edison or Columbia. All one has to do is just put in the clothes, press the button, sit down and smile, while the machine does the work. Nothing like being up-to-date, Mike.

Be good to your eyes. Take them to Dietrich, the Optometrist, Fullerton.

Month-end sales are money savers. Two of them are advertised in this issue of The Progress.

There was a large crowd attended the benefit dance of the telephone girls in Sewell hall Wednesday night.

Give your tired wife a vacation and eat at OLSON'S. Adv.

Better is Everything. Whatever you can aspire to and imagine and believe in, you can demonstrate in your character and in your life. — Elizabeth Towne.

stopped drilling at and is being tubed for pro- With 314 feet of oil sand he hole Jergins No. 1 should be the biggest producer yet on Hill.

ck McKeon has succeeded in ting off the water in Oceanic 1 and this well is now drill- into production. At 3300 feet Oceanic shows lots of oil and e is little doubt that it will e a nice well.

ie Shell Company has some 17 e drilling. Of these Alamitos 2 set 3380 feet of 8-inch and all the earmarks of strong unction. Alamitos No. 1, the very well cleaned out and put e on the pump, is producing lily at 275 barrels. Church 1 at 2600 is showing a lot of nd gas.

ie San Martenas Oil Company the big well Booth No. 1 fe- at 3561, and Freeman 1 at 3135. Booth No. 1 is for 1500 barrels and Freeman make 400.

e United Oil Company has wells on the Denni property ng like big production. Den- No. 1 at 2800 is showing oil, Donni No. 2 at 3000 feet is ing lots of oil and gas and e like a big well.

BEACH WELL TO START SOON

l Beach is determined to get the oil lime light. The Seal Oil Company has completed for the first test well and ng is scheduled to commence out 10 days. The location of well is considered with some Operators are beginning to that the chances for a field al Beach is as good as Hunt- n Beach has turned out to

ITS SECOND WELL ON RESERVOIR HILL

Dolke-Thomas Syndicate has its rig and is ready to drilling a second well on air hill at Fullerton. The -Thomas syndicate expects to l the south limit of the Ful- field and their success will a distinct surprise.

SEVEN CHARGES INVOLVING SPEED LAW

ges of speeding were filed the district attorney by ycle Officer Vernon Myers t George Watson, George Le- and C. S. Miller. All of leged offenses were commit- the state highway

making heavy oil for a few days, will eventually settle down and make a nice producer.

William Kammerer brought in a 250 barrel well for the Holly Sugar Company at 3549 feet. The well came in prematurely. Bailing down for a water test the oil came in and the well started flowing. It will be necessary to put the well on a production test for wa- ter for a few days.

The chances for the General Pe- troleum getting a producer at the Community No. 1 grow slimmer ery day. The drilling is now at 4400 and the hard shell is not showing any indications of oil. A hundred feet mor hole will be drilled before abandoning.

E. J. Miley's No. 2 brought in the latter part of last week, is one of the nicest wells in the field. At 3752 this well is flowing 650 barrels. No. 1 has increased its production from 500 to 625. No. 3 set the 8-inch at 2530 and looks

like another 600 barrel well.

Jim O'Donnell has a thousand barrel well at Huntington Beach. O'Donnell No. 1 completed at 3741 started to flow before all the oil string could be installed. The well is making such a strong flow that there is doubts if any more work can be done on it. This big well adds another laurel to the phe- nomenal success of the Federal Drilling Company.

The Petroleum Midway washed out Elliott No. 1 at 2936 and the well started flowing at about 50 barrels.

The Rhoads Oil Company re- covered its No. 2 and put it back on production a 400 barrel well. The well was redrilled and cleaned out to 2378.

The Standard Oil Company brought in a 100 barrel well at Huntington No. E-3. Drilled to 2695 the well started off flowing by heads. It will be remembered that E-3 was formerly the Bolsa Chica Oil Company's Augur No. 1.

The Sun Oil Company has re- sumed work on No. 1 and will deepen No. 4. No. 1 has stood idle for months at 2436, and No. 3 produced at the rate of 175 bar- rels at 2300 feet.

FUNERAL OF WORLD WAR VETERAN SATURDAY

The funeral of Howard A. Thornton, veteran of the world war, whose death occurred from wounds received in the Argonne battle at the American hospital at Froydos, France, Oct. 2, 1918, will be held at Fullerton Saturday afternoon at 2 o'clock at the Scale parlors. Brea post and Fullerton post American Legion will

when it was revealed that G. A. Leffingwell, of Portland, Ore., and formerly of Talbot, southwest of Santa Ana, is desirous of operat- ing a passenger steamer between the two ports, whenever the harbor work is completed.

It was disclosed that Leffing- well has been conducting negotia- tions for the purchase of one of two vessels, one of which would cost \$40,000 and the other \$50,000. One of these is the old gunboat Yorktown, from which the armor- plate, turrets and like equipment have been removed.

Leffingwell, it was stated, is so favorably impressed by the pros- pects of future development of Newport harbor that he has rent- ed a house at Balboa, pending the completion of the harbor improve- ments.

The remodeled Yorktown would have a capacity of 600 passengers and the other ship under consid- eration would have a capacity of 400.

The Newport harbor-San Diego trip by sea might prove extreme- ly popular among tourists visiting the Southland, it was pointed out.

City Council Buys Fire Apparatus

The Brea City Council Wed- nesday night bought a chemical fire apparatus of eighty gallon capacity, at a cost of \$1500, the purchase being made of the W. R. Hirsch Co. of Los Angeles. This is the machine which was used in a demonstration in Brea recently.

The council let a contract for the digging of a well on the re- cently acquired tract in the south- eastern part of town. The contract price was \$585. The depth of the well will be approximately 100 feet.

Installs New Machine—

George Schuppert of the Brea Union Bakery has purchased a Champion panning machine which has a capacity of voighing and cutting 3600 loaves of bread per hour. The machine has arrived and will be installed immediately.

BUYS WHITE WAY BARBER SHOP

Robert Shanks, well known bar- ber, has bought the White Way barber shop of Dewey Reed and Hugh Badgley. "Smiling Bob" has conducted the Brea Pool room shop for more than two years and is a well known business man in Brea. [The new shop is one of the finest in Southern California. Reed and Badgley will remain with the shop for the time being.

County Clerk J. M. Backs.

Preparations are being made this year to register 35,000 voters in the county, which would repre- sent a gain of approximately 10,000 over the previous registration total.

Registration books will close July 29 for the primary election of Aug. 29, and Oct. 7 for the general election Nov. 7. In order to vote at either of these elec- tions or subsequent elections be- fore 1924, all voters must be reg- istered since Jan. 1 of this year, whether previously registered.

Registration deputies so far ap- pointed include: Angle B. Dullag, John W. Green, Mrs. Bessie Salva- son, C. C. Kinler, Brea; Andrew Ibsen, Placentia; Ernest W. Thompson, E. H. Walker, Yorba Linda.

EXECUTIVE COMMITTEE TO MEET PRESIDENT

The executive committee of the Farm Bureau and

and Farm Bureau directors will meet with the state president, W. H. Walker on Friday afternoon, Jan. 6, 1922. Methods of finan- cing and handling the state pub- lic utilities department and other Farm Bureau problems in which Orange county is especially inter- ested will be acted on at this meeting. This will be the first op- portunity of holding such a local conference that has been afforded the directors for almost a year and it may be several months before another opportunity will pre- sent itself. It is expected that ev- ery farm bureau director will be present at this meeting.

BLAZE AT ELKS HOME CAUSES EXCITEMENT

A blaze in the kitchen of the beautiful new Elks' building at Anaheim Wednesday evening caused quite an excitement. It was quickly extinguished with but small loss.

TWO INITIATIVE MEASURES QUALIFY

The initiative measures known as the water power act and the state budget act have qualified for places on the ballot for the November, 1922, election, it was announced by Secretary of State Frank C. Jordan. Approximately 60,000 names on behalf of each measure were filed, Jordan stated. The water power act provides for the creation of a board to de- velop and distribute hydroelec- tric energy to the state and to

The Brea Bakery

No. 1 at 2000 is showing a lot of oil and gas.

The San Mattanos Oil Company has the big well Booth No. 1 completed at 2501, and Booth No. 1 at 3135. Booth No. 1 is good for 1500 barrels and Booth No. 2 will make 400.

The United Oil Company has two wells on the Denni property looking like big production. Denni No. 1 at 2800 is showing oil, and Denni No. 2 at 3000 feet is showing lots of oil and gas and looks like a big well.

SEAL BEACH WELL TO START SOON

Seal Beach is determined to get into the oil line light. The Seal Beach Oil Company has completed a rig for the first test well and drilling is scheduled to commence in about 10 days. The location of the well is considered with some favor. Operators are beginning to think that the chances for a field at Seal Beach is as good as Huntington Beach has turned out to be.

STARTS SECOND WELL ON RESERVOIR HILL

The Dolke-Thomas Syndicate has moved its rig and is ready to start drilling a second well on reservoir hill at Fullerton. The Dolke-Thomas syndicate expects to extend the south limit of the Fullerton field and their success will spring a distinct surprise.

FILE SEVEN CHARGES INVOLVING SPEED LAW

Charges of speeding were filed with the district attorney by Motorcycle Officer Vernon Myers against George Watson, George Lemunaro, and C. S. Miller. All of the alleged offenses were committed on the state highway near La Habra.

Motorcycle Officer H. S. Warner filed a complaint against H. E. Plumridge, E. C. Dean, M. J. Cormis and W. E. Conger, all of whom are accused of violating the speed laws on the Anaheim boulevard.

PAYS BIG FINE IN LIQUOR CASE

In Justice French's court at Fullerton Everett Nava was fined \$150 for being concerned in an illegal liquor transaction. A 90-day county jail sentence was added suspended during good behavior.

Nava was one of three men arrested by the police last summer on a charge of illegally transport-

ing the latter part of last week. It is one of the nicest wells in the field. At 2752 this well is flowing 650 barrels. No. 1 has increased its production from 500 to 625. No. 3 set the 8-inch at 2550 and looks like another 600 barrel well.

Jim O'Donnell has a thousand barrel well at Huntington Beach. O'Donnell No. 1 completed at 3741 started to flow before all the oil string could be installed. The well is making such a strong flow that there is doubts if any more work can be done on it. This big well adds another laurel to the phenomenal success of the Federal Drilling Company.

The Petroleum Midway washed out Elliott No. 1 at 2936 and the well started flowing at about 50 barrels.

The Rhoads Oil Company recovered its No. 2 and put it back on production a 400 barrel well. The well was redrilled and cleaned out to 2378.

The Standard Oil Company brought in a 100 barrel well at Huntington No. E-3. Drilled to 2695 the well started off flowing by heads. It will be remembered that E-3 was formerly the Bolsa Chica Oil Company's Augur No. 1.

The Sun Oil Company has resumed work on No. 1 and will deepen No. 4. No. 1 has stood idle for months at 2436, and No. 3 produced at the rate of 175 barrels at 2300 feet.

FUNERAL OF WORLD WAR VETERAN SATURDAY

The funeral of Howard A. Thornton, veteran of the world war, whose death occurred from wounds received in the Argonne battle at the American hospital at Froydos, France, Oct. 2, 1918, will be held at Fullerton Saturday afternoon at 2 o'clock at the Seal parlors. Brea post and Fullerton post American Legion will be represented.

Howard Thornton was the son of Lincoln and Alice Thornton, of Artesia. He was born Aug. 4, 1889. He became a member of the 364th machine gun company, a unit of the 91st division which arrived in France in the summer of 1918. He participated in one other battle prior to the Argonne drive in which he was fatally wounded. In addition to the parents there are two brothers and four sisters: Oliver N., of Brea, Joseph, Beasle, Gladys, Ruth and Clara, who live at Artesia.

LITTLE ENCOURAGEMENT AT GARDEN GROVE

Garden Grove people are watch-

ing. The remodeled Yorktown would have a capacity of 600 passengers and the other ship under consideration would have a capacity of 400.

The Newport harbor-San Diego trip by sea might prove extremely popular among tourists visiting the Southland, it was pointed out.

City Council Buys Fire Apparatus

The Brea City Council Wednesday night bought a chemical fire apparatus of eighty gallon capacity, at a cost of \$1500, the purchase being made of the W. R. Hirsch Co. of Los Angeles. This is the machine which was used in a demonstration in Brea recently.

The council let a contract for the digging of a well on the recently acquired tract in the southeastern part of town. The contract price was \$585. The depth of the well will be approximately 100 feet.

Installs New Machine

George Schuppert of the Brea Union Bakery has purchased a Champion panning machine which has a capacity of weighing and cutting 3600 loaves of bread per hour. The machine has arrived and will be installed immediately.

BUYS WHITE WAY BARBER SHOP

Robert Shanks, well known barber, has bought the White Way barber shop of Dewey Reed and Hugh Badgley. "Smiling Bob" has conducted the Brea Pool room shop for more than two years and is a well known business man in Brea. The new shop is one of the finest in Southern California. Reed and Badgley will remain with the shop for the time being.

NO CHANGE MADE IN HUNTINGTON CENTRAL

Although a number of Orange county shareholders of the Huntington Central Oil Company journeyed to Los Angeles Tuesday prepared to wage a lively fight in connection with the annual election of the board of directors of this company, no change was made in the directorate.

One group of stockholders had been working industriously for the past few weeks in a determined effort to retain in power their favorite directors, Grant M. Lorraine, Charles C. Garrison, W. P. Battelle and A. Bourdo. Equally determined efforts were made by other shareholders to place in the

Executive Committee

EXECUTIVE COMMITTEE TO MEET PRESIDENT

The executive committee of the Farm Bureau and most of the other Farm Bureau directors will meet with the state president, W. H. Walker on Friday afternoon, Jan. 6, 1922. Methods of handling and handling the state public utilities department and other Farm Bureau problems in which Orange county is especially interested will be acted on at this meeting. This will be the first opportunity of holding such a local conference that has been afforded the directors for almost a year and it may be several months before another opportunity will present itself. It is expected that every farm bureau director will be present at this meeting.

BLAZE AT ELKS HOME CAUSES EXCITEMENT

A blaze in the kitchen of the beautiful new Elks' building at Anaheim Wednesday evening caused quite an excitement. It was quickly extinguished with but small loss.

TWO INITIATIVE MEASURES QUALIFY

The initiative measures known as the water power act and the state budget act have qualified for places on the ballot for the November, 1922, election, it was announced by Secretary of State Frank C. Jordan. Approximately 60,000 names on behalf of each measure were filed, Jordan stated.

The water power act provides for the creation of a board to develop and distribute hydroelectric energy to the state and to cities and counties. It provides for a chairman of the board at a salary of \$15,000 a year and authorizes the issuance of bonds to carry out the proposed development.

The state budget measure, sponsored by the Commonwealth Club, of San Francisco, is designed to give the legislature at each biennial session detailed information concerning proposed expenditures.

GREAT INCREASE IN UNDERGROUND WATER

JAMES CLAYDON, ELEANOR WISE WED IN WHITTIER

Completely surprising all their friends and relatives, James Claydon and Miss Eleanor Wise slipped away and were married at the Friends Church in Whittier, Thursday, June 15th. The bride is a graduate of Brea-Olinda Union High School and Mr. Claydon is engaged in the painting and paper hanging business here.

MARRIED BY JUDGE KINSLER

The young couple are living at 409 So. Orange Ave.
James T. Barron, 124 So. Flower Ave., and Miss Josephine Lisch of San Bernardino were married by Judge Kinsler at his office at 133 S. Orange Ave. Saturday afternoon, June 17th. The young couple are residing at 124 So. Flower.

Miss Mary Walsh has closed her candy shop on No. Pomona Ave. and has moved to Fullerton where she will open a shop.

Dodge Club Enjoys Dinner, Theatre Party

A season of bridge party repaired to Los Angeles and Mrs. James Wilson, where they attended the "Gold Diggers," V. J. Rubin, Mr. and Mrs. Jones, Mr. and Mrs. King at the Grauman theatre for a delightful dinner and party last Saturday night. The participants in this party have been giving bridge parties at their homes every two weeks the past season, but instead of awarding prizes, the players were assessed a small sum at each party and a fund created to be spent in one big evening's entertainment.

ing made, the nominations were closed and the Secretary instructed to cast one ballot for the group. High tribute was paid to Ivan Swanger, by several for his outstanding contributions as president of the Council.

Attend Reunion Of Family At Ranch

Grandma Bergman Celebrates 97th Birthday.

The ninety-seventh birthday anniversary of Grandma Bergman was observed Sunday at the W. D. Casner ranch at Shady Dell near Ramona with a family reunion which when all are present represents five generations.

A picnic luncheon was enjoyed by the thirty five relatives who gathered Sunday to help Mrs. Bergman celebrate another milestone in her life. It has been the custom of the family for many years past to meet on the Sunday nearest her birthday and this year June 18th was on Sunday.

The four daughters and one son, J. F. Bergman of Brea, were present as were most of the grandchildren and great grandchildren. The two great, great grandchildren were unable to be present Sunday because of measles. Mrs. I. B. Miller a grand daughter was also not able to be present because her son Richard has the chicken pox. Mrs. W. D. Casner, formerly of Brea is a daughter of Grandma Bergman. Those going from Brea for this happy occasion were Mr. and Mrs. J. F. Bergman and son, Jake and Mr. and Mrs. Roy Angle and family.

Saturday night. They moved the first of the week to their cottage at Balboa where the family will spend the summer months.

SPEND SUMMER AT RANCH

Mr. and Mrs. Abe Yost and two sons, Carl and George left Tuesday evening for their ranch at Denair. They will spend the summer months on the ranch, returning to Brea in the fall before school opens.

MR. AND MRS BENNETT ON SUMMER VACATIONS

Jerry Bennett left Monday night for a month's fishing trip in the mountains. He will make Bishop his headquarters. Mrs. Bennett plans to leave Monday for Chicago to attend the World's Fair. Gene Parodi and Vincent Wall will accompany Mrs. Bennett and will drive the car for her.

and their help and influence in the church and Sunday school have been greatly appreciated. They have made many warm friends here who regret to see them return to their home in Pennsylvania but who are comforted by the assurance that they will not be able to withstand the charm of sunny California and will shortly be returning to make their home here again. They left early Wednesday morning by auto and will visit the World's Fair in Chicago and with relatives in Detroit before proceeding to their home in Pittsburgh.

ENTERTAINS WITH CHICKEN DINNER

On Wednesday evening Mr. and Mrs. Ray Roberts entertained Mrs. Winifred Gurnley and Mrs. A. I. Bogert of the staff of the I. H. Hawkins Co. store at a chicken dinner in their home 319 West Date St.

Ward's Bakery to Hold Gala Opening Events

Ward's Bakery moved Thursday from its old location to 135 So. Pomona Ave. The new location is all dressed up in black and white—the color scheme adopted by Edward to distinguish his place of business. Beautiful new green linoleum decorates the floor and new fixtures and equipment make Ward's Bakery a modern and up to date establishment, where you and your family may procure the finest breads, cakes and pastries at a fair price.

Johnny on the spot over place. As a result to date twelve arrests for infractions of Brea's speed ordinance have been made and in each case the offender pleaded guilty and was fined accordingly. The well organized bench got matters well organized Saturday for his operations and on Sunday started out for offenders. Hi Mizahata, a Japanese resident of La Habra, was the first victim of the officer's sight. The speeder was driving a brand new car and was making 40 miles an hour when called down on Pomona avenue at a 150-mile clip he started to duck around a car while ignoring another and crowded it down an alley off into the ditch at the roadside it looked like a double infraction and Mr. Mizahata was assessed 10 bones, at which he made considerable complaint, but paid up and went on.

In the other eleven arrests three were motorcyclists. All others were assessed \$5 each.

The average speed in the twelve arrests was 38 miles per hour. Brea's ordinance calls for a speed of 15 miles per hour.

This is the only way to eliminate the speed bug and insure safety to children and others on our streets. Let Mr. Eagle Eye Lantz go to it.

NOW READY FOR BUSINESS

Geo. Schuppert, who came here three weeks ago from San Diego and leased the Brea Bakery, is now ready for business. Mr. Schuppert has given the place a thorough cleaning, putting in the past three weeks getting everything in the best shape possible, and if you want to see an establishment with really a sanitary appearance, just visit Schuppert's place.

Mr. Schuppert urgently requests a visit of inspection on his bakery establishment, and from all reports, if you eat Schuppert's products once, you will have no other.

Jones, Mrs. Comfort Kite, Mrs. Grinnell, Mrs. Winger, Mrs. Thomas, Mrs. J. J. Yard and Premises Mrs. H. J. Bates, Mrs. Dell Bobst, Mrs. H. L. Delaney, Mrs. J. B. Jones, Mrs. J. B. Jones.

The Auxiliary has moved to their new quarters in their own home on North Pomona, where they meet in regular session today.

The Lady Maachabees are giving each Wednesday afternoon to Red Cross work.

The Red Cross women of Brea have entered upon their second year's work with increased energy and enthusiasm. For the comparatively small number of workers they accomplished great things during the year just closed. There should be double the working force—yes, more than double the working force—in this band of loyal workers.

Women of Brea, do you realize the great need for the work which these patriotic souls have done during the past year? And do you realize how great the demand for increased effort? Then if you don't, it is because of sheer ignorance, and if you do, and are not giving every minute of your time that you can possibly spare to this work you are a slacker—more disloyal to your country and to higher womanhood, and to better Americanism than the conscript who sneaks across the Mexican line in order to escape service under the nation's standard.

Red Cross Tea.

A Red Cross tea will be given at the home of Mrs. Thos. Davidson Saturday afternoon from 2 to 5 o'clock. Automobile accommodation will be found at the Congregational church at 2:30. A silver offering will be taken for the Comfort fund.

For proper planning see Reave

No. 1 at 2000 is showing a lot of oil and gas.

The San Mattanos Oil Company has the big well Booth No. 1 completed at 2500, and Freeman

No. 1 at 3135. Booth No. 1 is good for 1500 barrels and Freeman will make 400.

The United Oil Company has two wells on the Denni property looking like big production. Denni No. 1 at 2800 is showing oil, and Denni No. 2 at 3000 feet is showing lots of oil and gas and looks like a big well.

SEAL BEACH WELL TO START SOON

Seal Beach is determined to get into the oil lime light. The Seal Beach Oil Company has completed a rig for the first test well and drilling is scheduled to commence in about 10 days. The location of the well is considered with some favor. Operators are beginning to think that the chances for a field at Seal Beach is as good as Huntington Beach has turned out to be.

STARTS SECOND WELL ON RESERVOIR HILL

The Dolke-Thomas Syndicate has moved its rig and is ready to start drilling a second well on reservoir hill at Fullerton. The Dolke-Thomas syndicate expects to extend the south limit of the Fullerton field and their success will spring a distinct surprise.

FILE SEVEN CHARGES INVOLVING SPEED LAW

Charges of speeding were filed with the district attorney by Motorcycle Officer Vernon Myers against George Watson, George Lemunaro, and C. S. Miller. All of the alleged offenses were committed on the state highway near La Habra.

Motocycle Officer H. S. Warner filed a complaint against H. E. Plumridge, E. C. Dean, M. J. Cormis and W. E. Conger, all of whom are accused of violating the speed laws on the Anaheim boulevard.

PAYS BIG FINE IN LIQUOR CASE

In Justice French's court at Fullerton Everett Nava was fined \$150 for being concerned in an illegal liquor transaction. A 90-day county jail sentence was added suspended during good behavior.

the latter part of last week, if one of the latest wells in the field. At 2752 this well is flowing 650 barrels. No. 1 has increased its production from 500 to 625. No. 3 set the 8-inch at 2933 and looks like another 600 barrel well.

Jim O'Donnell has a thousand barrel well at Huntington Beach. O'Donnell No. 1 completed at 3741 started to flow before all the oil string could be installed. The well is making such a strong flow that there is doubts if any more work can be done on it. This big well adds another laurel to the phenomenal success of the Federal Drilling Company.

The Petroleum Midway washed out Elliott No. 1 at 2930 and the well started flowing at about 50 barrels.

The Rhoads Oil Company recovered its No. 2 and put it back on production a 400 barrel well. The well was redrilled and cleaned out to 2378.

The Standard Oil Company brought in a 100 barrel well at Huntington No. E-3. Drilled to 2695 the well started off flowing by heads. It will be remembered that E-3 was formerly the Bleds Chica Oil Company's Augur No. 1.

The Sun Oil Company has resumed work on No. 1 and will deepen No. 4. No. 1 has stood idle for months at 2436, and No. 3 produced at the rate of 175 barrels at 2300 feet.

FUNERAL OF WORLD WAR VETERAN SATURDAY

The funeral of Howard A. Thornton, veteran of the world war, whose death occurred from wounds received in the Argonne battle at the American hospital at Froydos, France, Oct. 2, 1918, will be held at Fullerton Saturday afternoon at 2 o'clock at the Seale parlors. Brea post and Fullerton post American Legion will be represented.

Howard Thornton was the son of Lincoln and Alice Thornton, of Artesia. He was born Aug. 4, 1889. He became a member of the 364th machine gun company, a unit of the 91st division which arrived in France in the summer of 1918. He participated in the Argonne battle prior to the Argonne drive in which he was fatally wounded. In addition to the parents there are two brothers and four sisters: Oliver N. of Brea, Joseph, Beale, Gladys, Ruth and Clara, who live at Artesia.

LITTLE ENCOURAGEMENT AT GARDEN GROVE

The remodeled Yorktown would have a capacity of 600 passengers and the other ship under consideration would have a capacity of 400.

The Newport harbor-San Diego trip by sea might prove extremely popular among tourists visiting the Southland, it was pointed out.

City Council Buys Fire Apparatus

The Brea City Council Wednesday night bought a chemical fire apparatus of eighty gallon capacity, at a cost of \$1500, the purchase being made of the W. R. Hirsch Co. of Los Angeles. This is the machine which was used in a demonstration in Brea recently.

The council let a contract for the digging of a well on the recently acquired tract in the southeastern part of town. The contract price was \$585. The depth of the well will be approximately 100 feet.

Installs New Machine—

George Schuppert of the Brea Union Bakery has purchased a Champion panning machine which has a capacity of weighing and cutting 3600 loaves of bread per hour. The machine has arrived and will be installed immediately.

BUYS WHITE WAY BARBER SHOP

Robert Shanks, well known barber, has bought the White Way barber shop of Dewey Reed and Hugh Badgley. "Smiling Bob" has conducted the Brea Pool room shop for more than two years and is a well known business man in Brea. The new shop is one of the finest in Southern California. Reed and Badgley will remain with the shop for the time being.

NO CHANGE MADE IN HUNTINGTON CENTRAL

Although a number of Orange county shareholders of the Huntington Central Oil Company journeyed to Los Angeles Tuesday prepared to wage a lively fight in connection with the annual election of the board of directors of this company, no change was made in the directorate. One group of stockholders had been working industriously for the past few weeks in a determined effort to retain in power their favorite directors, Grant M. Lorraine, Charles C. Garrison, W. P. Battelle and A. Bowdó. Equally

EXECUTIVE COMMITTEE TO MEET FRIDAY

The executive committee of the Farm Bureau and most of other Farm Bureau directors meet with the state president H. Walker on Friday after Jan. 6, 1922. Methods of doing and handling the state lie utilities department and Farm Bureau problems in Orange county is especially stated will be acted on at meeting. This will be the opportunity of holding such a conference that has been in the directors for almost a and it may be several more sent itself. It is expected every farm, bureau director present at this meeting.

BLAZE AT ELKS HOME CAUSES EXCITE

A blaze in the kitchen beautiful new Elks' building Anaheim Wednesday caused quite an excitement was quickly extinguished with small loss.

TWO INITIATIVE MEASURES QU

red Cross fund was a grand success. The purchase of a ticket to this dance entitled the purchaser to a ticket to the big K. of P. event at Shrine auditorium in Los Angeles Tuesday night, and added greatly to the number of tickets already sold locally for that event.

The receipts at the dog Saturday night amounted to about \$100. The check room and sale of refreshments by the ladies totaled about \$20 more. Prior to this about sixty tickets had been sold here for the Los Angeles affair.

A fine crowd was present at Saturday night's dance, people coming from nearly every section of the county. And every one was there for the genuine good time which Brea always provides on such occasions.

The dance was closed down at 12 o'clock, on account of it being Saturday night, and the one single regret was that the season of joy could not last till the last cocks crowed.

Youngsters Clubs Enjoy Time Here

The Brea Y. M. C. A. Bible Study Clubs, "The Pull Together Club," and "The Brea Stars," with leaders Spicer, Hearst and Lineweaver, entertained the three clubs from La Habra, "The La Habra Tigers," "The La Habra Leaders," and "The Heroes," with leaders Hosack, Taylor and Hager, last Monday evening at the Congregational church.

After the opening exercises each club met in a separate room for its regular session of Bible study and business. The clubs then reassembled in the Social Hall for the program, under the direction of Rev. Lineweaver. The address was delivered by Mr. Sherman Gillogly of Fullerton on "Clean Life for Boys." During the address, the County Y. M. C. A. Secretary, Mr. Ralph Cole, and the body of Y. M. C. A. directors of the county arrived. At the close of the address Rev. Lineweaver introduced Mr. Cole, who in turn introduced the directors, each one responding with a few words of greeting. The fathers, Mr. Proud, Mr. Wolfe, and Mr. Dunbar and the leaders of La Habra and Brea were then introduced. A brief degree of initiation was given under the direction of Rev. Spicer.

The evening's entertainment closed with a royal feed which was put up by the Brea clubs, consisting of hot dogs, sandwiches, cocoa and cake.

FRED BAKER WEDS

Fred Baker, of the Baker-Kearns truck and transfer partnership—Fred Baker, the oldest and handsomest matrimonial candidate in town—has wed. And this surprise comes without anyone even suspecting that Fred

ing on the work.

The domestic science department of the school will put in all time available in the production of such things as are needed for soldiers and for refugees. Old garments will be torn to pieces and raveled and from these such articles will be made as will bring relief or comfort to some needy soul.

The accumulation of salvage will be properly looked after and nothing that can be converted into good, pressed into service or marketed at a price will escape the members of the Junior Red Cross.

The pupils of the Brea school are already at work along the varied lines and much has already been accomplished by these youngsters to aid in the great cause.

In organizing the Junior Red Cross, Orange county has been divided into four chapters—Santa Ana, Orange, Anaheim and Fullerton. The Brea school will work as an auxiliary of the Fullerton chapter.

An entertainment will probably be given in the near future by the Brea Juniors for funds with which to carry on their work.

BAKERY CLASES DOORS

Sidney Camm did not open the doors of his Brea Bakery last Monday and the establishment will remain closed, so far as Mr. Camm is concerned, until conditions become more favorable to a livelihood for the owner. The greatly advanced price in flour and other ingredients, the stringent food regulations and a strong battery of competitors made Camm's business unprofitable and unworthy the time spent with it.

Mr. Camm is making efforts to get into the service of his country, where The Progress truly hopes that his patriotism will be appreciated, even though his workmanship and quality of citizenship may not have received proper consideration. No baker on earth produced better bread than did Camm and there is no valid nor no sensible excuse for anyone of this section having eaten any other kind of bread.

PLACING NEW LIGHTS

Workmen for the Southern California Edison Company are now engaged in placing poles for the swinging of lights over the streets of Brea. The contract calls for three lights to each block in the city.

E. H. Peterkin of Brea made a long trip in his autotrailer truck early in the week. The popular moving man moved a family including their household goods from Santa Barbara and made the trip in less than two days, establishing a good record for heavy truck work.

Forrest Hurst of the Brea Garage

with the privilege to choose their helpers and take care of all salvage on each of these leases, and deliver it to the store room. It is the hope that every one will co-operate with these ladies and help them all to make this department of the Brea Red Cross a success.

The request is made to please not roll or crumple tin foil, but lay it flat.

Keys is Guilty of Murder Says Jury

Eddie Keyes, the brutal murderer of Leonard Herwick, the little Santa Ana newsboy, must hang unless a higher court should intervene and allow an appeal.

Calmly lighting a cigarette and asserting he "didn't give a damn," Keyes flippantly received the verdict of the jury which found him guilty of murder in the first degree. O. H. Burke was foreman of the jury.

While the jury was out, the father of the slain boy voiced his hopes, saying, "I certainly expect a verdict that will hang the slayer of my little boy. There is no place on earth for one like him. As long as he is alive, there is a possibility that he may kill someone else. I am thinking not only of my own personal loss; I am thinking of the general good. I can see no justice in letting this slayer live."

The arguments in the case commenced at 9:30 Monday morning by Deputy District Attorney Koepsel. Attorney Carpenter, for the defense, followed and District Attorney West closed for the prosecution. The Judge's charge laid down the points of the law and showed clearly what the jury could do. And the jury took less than 40 minutes to do it.

Sentence will be passed at 9:30 o'clock this morning. Attorney Ingle Carpenter will take an appeal.

People are to Have a Hearing Later

Denial of petitions from attorneys of Orange county cities to have the hearing of the proposed gas rates in this county segregated from the rest of the district and held in this county, has been made by the state railroad commission.

A reply to the petition of City Attorney Scott of Santa Ana stated that the hearing would be held as originally scheduled in Los Angeles Wednesday, at which time the Southern Counties Gas company would be given an opportunity to present its argument for the proposed raise of rates. Adjournment will then be taken until a later date not specified, to allow the protestants and the railroad com-

excellent progress week. On the Hill Amalgamated has straightening up a long pipe troubles, redrilling well No. now making new holes are very fortunate in the hole down to and now stand a good this well up in grade on the same property feet of hole and go

Birch Cp. Have The Birch Oil Co. the famous Birch Hill Brea, have an excellent No. 14 the only new Oil Company is drilling now down 3100 feet, the hole is excellent moving freely. There, good people, count noses; or, in other words, ask your editor what his circulation is.

We now come to that part of the report wherein the reporter has Chairman Talbert charge us with not being consistent, inasmuch as we had "hollered" to have the report given to the people and are now objecting to paying the bills. Yes, the reporter was substantially correct in this, as Chairman Talbert did make some such statement and at that WHILE THE BOARD WAS IN SESSION, an he (Talbert) was in the chair. However, this only serves to show the mind of the

not consistent, we will improve in a few words, and those words are that while we did urge as our right, that the commission file their report that the people might know what it contained, we never asked that it be published, in either regular, special or any other form, and that man knows it as he knows that the newspapers published a complete synopsis, voluntarily, of the report that was MORE COMPREHENSIVE to the average reader than was the special report published and circulated at the cost of the taxpayers.

But when speaking of "not being consistent" we might suggest that it would be wise for persons living in "glass houses" not to throw stones, as in this case he broke his own windows. In this connection we cite the case of county moneys allowed to be in banks on which no interest was collected or security required, as is demanded by the law, and that law says SUCH ACTS ARE A FELONY. Yet this man, the chairman of the Board of Supervisors, whose duty it was under the law, with others, to fix the rate of interest the banks should pay for same, permitted thousands and thousands of dollars of the county's moneys to be placed in a bank of which he was not only a

to be married to a mutual friend is probably responsible for the butchery the compositor perpetrated upon Editor Jackman's article on "Camouflage" last week. The man who juggled the type made Mr. Jackman quote Lew Wallace as saying the harbor was completed, when it should have been the "jetty" was completed; he slipped in a new one on Jackman and made him say "componants" for proponents, and then he dug around someplace and got hold of the word "operation" and he operated on Editor Jackman's article quite freely—quite profusely. In many places "government appropriation" was mentioned and this Cascaratta made it "government operation" in every case.

Something like the old printer we knew in the government printing office. He set the type for a pamphlet of 124 pages dealing with some international question in which the words "Chinese boundary" were used very frequently. It went "Chinese laundry" all the way through the job.

Incidentally, it might be of some gratification to Mr. Jackman to know that the nut who set the camouflage article has had another slice taken off his weekly allowance of bread.—Publisher.

Will Open Bakery.

Geo. Schuppert of Iowa City, Iowa, has leased the Camm bakery and will open that place for business as soon as everything can be put in proper order.

Mr. Schuppert is an old hand at

the business, having been connected with some big bakery establishments of the east. He is an expert on pastries and other bakery goods and promises the people of Brea products that will class with the best in the country.

Couple Wednesday

and Miss Bessie recently married at bride in Fullerton soon coming home to where they will with Mr. and Mrs.

was formerly a student at the Brea high school and holds a life position in the Brea Oil Co.

Some time had been spent in the Pacific states at Fullerton and in a society young people are both very popular with their many friends and are both very popular with their many friends and are both very popular with their many friends.

Dips Big Distance

50 feet deeper than a thousand feet in the Brea Canyon Oil Co. had oil sand at a depth of 600 feet in less than one of the geologists found in the island at this point feet thick and will bring oil to the surface. At this depth the high pressure will be the result.

THE BOYS

er and twenty five from Brea are en route up in the big Camp Baldy. Superintendent of the Brea Canyon Oil Co. and H. M. May of the Brea Oil Company has one of his boys will return to me.

THE DATES

has been the changes for the local (the president) Mrs. Jones the members of the memory the first of the year.

comes to Fullerton, California, California. A woman, who is not sure whether she could not have done that in which all modern rationists agree with her, she could not have established the new world of Sunday the first day of the week for the observance of the Sabbath in the seventh day. This is the only day that the Bible mentions as the day of rest.

New Oil Company Makes Progress

The Liberty Oil Company, in its development in the Pacific states, has made a number of wells which have produced a large amount of oil. The Liberty Oil Co. is drilling on property adjacent to the Standard Oil Company's lease, and in the past week the Liberty Oil Company has made hole in the ground a hundred feet deep, and it is now only a thousand feet. The well is under the management of Mr. B. W. Jones, who is regarded as one of the most capable men in the business today.

Copa De Oro Well Stands Cemented

At a depth of 1100 feet the Copa de Oro Oil Co. has suspended drilling operations and cemented the well from the top just before the cementing showed a strong gas pressure and an abundance of good substance all over. The management feel confident over the condition of the well and are anxious for the cement to be set so that the drilling can be resumed. This well now represents two years work and expenditure of close to \$100,000.

RETURN FROM VACATION

J. O. Hollowell and family, Mrs. Hollowell's brother and sister, Miss Maple and Mrs. Chas. Sanderson of Los Angeles, and Mr. and Mrs. J. C. Leckner have returned from vacation spent mostly in fishing at Newport. Mr. Hollowell took a two week vacation, but before leaving on his pleasure trip started a job of improvements about his home which are adding to the appearance and the value of the place. New weather boarding and fresh paint are adding in the improvement work.

Mr. and Mrs. J. P. Brooks, Mrs. J. H. Townsend and Mrs. J. C. Jones are in the city for the week.

Brea Man Sues on False Arrest Plead

A Brea man, who was arrested on a charge of being a vagrant, has filed a suit against the city of Brea, claiming that the arrest was illegal and that the city is liable for damages. The man, who is named as J. W. Jones, was arrested on the streets of Brea by a police officer. He claims that the officer had no right to arrest him and that the city is liable for the damages he has suffered as a result of the arrest.

Brea Company to Stop Development

The Brea Oil Company has decided to stop development of the Brea oil field. The company has found that the oil field is not as productive as they had hoped and that the cost of development is too high. The company has decided to stop development and to concentrate on the production of the oil that is already being produced.

New Machine at Brea Bakery

A new machine has been purchased by the Brea Bakery, which will increase production and reduce the labor required. The machine is a dough mixer, which will mix the dough for the bakery's products. The machine is expected to be installed in the bakery in the near future.

Mr. and Mrs. J. A. Moore have returned from a vacation in the mountains. Mrs. Moore has returned with a large amount of material for the home.

number of people at the station to be before the day's busy journey and the celebration, they have come to the station and all for God.

FLAVOR FOR CONVENTION

The Brea Oil Company has decided to hold a convention of the Brea Oil Workers Union. The convention will be held in Brea and will be attended by representatives of the union and the company. The convention will discuss the company's proposal to increase the minimum wage from five dollars to six dollars per day, with an advance of one dollar per day on all other wages.

Some Forbearance is Matter of Duty

Parties who have charge of the picture show that are being conducted in the school should have some forbearance in their treatment of the children. The picture show is a very popular activity for the children and should be treated as such.

Picture show machines at times are not working at the best. It must be given into consideration that the machine is being operated by a couple of the school boys who are doing their best. They can and who in time will be able to get more satisfactory results. This is necessary from the fact that it is very hard to secure the services of an expert operator and when this is possible the cost is so great that it would completely ruin the school from the entertainment.

There has been some complaint from advertisers who are running ads in the picture show. The complaint is that they were under the impression that the service and the expense would be discontinued at the close of the school. The picture show and the slides are the sources of revenue from which has been calculated to meet payments on government equipment purchased by the school and which it is not possible to complain at present. The complaint is that will support the picture show.

The operation of the machine will be more efficient in a short time and the slides will be rendered service. The picture show is a very popular activity for the children and should be treated as such.

WANT OF THANKS

The Brea Oil Company has decided to hold a convention of the Brea Oil Workers Union. The convention will be held in Brea and will be attended by representatives of the union and the company. The convention will discuss the company's proposal to increase the minimum wage from five dollars to six dollars per day, with an advance of one dollar per day on all other wages.

for the scene of action in a foreign land.

Lieutenant Goodwin is now taking special officers' training at Lawton, Oklahoma, but expects to return to Camp Kearny about July 1. After this the bridal couple will spend a couple of weeks at Forest Home, in the San Bernardino mountains and then Mrs. Goodwin will make her home at La Jolla during her husband's stay at Camp Kearny.

Eliminating Speed Bugs in this City

E. B. Lentz, Brea's speed cop, went on duty last Saturday and has been Johnny on the spot ever since. As a result to date twelve arrests for infractions of Brea's speed ordinance have been made and in each case the offender pleaded guilty and was fined accordingly.

Lentz got matters well organized Saturday for his operations and on Sunday started out for offenders. H. Mezahata, a Japanese resident of La Habra, was the first victim of the officer's mesh. The speeder was driving a brand new car and was making 40 miles an hour when called down. On Pomona avenue at a 40-mile clip he started to duck around a car while meeting another and crowded a woman driver off into the ditch at the roadside. It looked like a double infraction and Mr. Mezahata was assessed 10 bones, at which he made considerable complaint, but paid up and went on. In the other eleven arrests three were motorcyclists. All others were assessed \$5 each.

The average speed in the twelve arrests was 38 miles per hour. Brea's ordinance calls for a speed of 15 miles per hour.

This is the only way to eliminate the speed bug and insure safety to children and others on our streets.

Let Mr. Eagle Eye Lentz go to it.

NOW READY FOR BUSINESS

Geo. Schuppert, who came here three weeks ago from San Diego and leased the Brea Bakery, is now ready for business. Mr. Schuppert has given the place a thorough cleaning, putting in the past three weeks getting everything in the best shape possible, and if you want to see an establishment with really a sanitary appearance, just visit Schuppert's place.

Mr. Schuppert urgently requests a visit of inspection of his bakery establishment, and from all reports, if you eat Schuppert's products once, you will have no other.

The Auxillary has moved to their new quarters in their own home on North Pomona, where they meet in regular session today.

The Lady Mascabees are giving each Wednesday afternoon to Red Cross work.

The Red Cross women of Brea have entered upon their second year's work with increased energy and enthusiasm. For the comparatively small number of workers they accomplished great things during the year just closed. There should be double the working force—yes, more than double the working force—in this band of loyal workers.

Women of Brea, do you realize the great need for the work which these patriotic souls have done during the past year? And do you realize how great the demand for increased effort? Then if you don't, it is because of sheer ignorance, and if you do, and are not giving every minute of your time that you can possibly spare to this work you are a slacker—more disloyal to your country and to higher womanhood, and to better Americanism that the conscript who sneaks across the Mexican line in order to escape service under the nation's standard.

Red Cross Tea.

A Red Cross tea will be given at the home of Mrs. Thos. Davidson Saturday afternoon from 2 to 5 o'clock. Automobile accommodation will be found at the Congregational church at 2:30. A silver offering will be taken for the Comfort Kit fund.
