

American Labor Deserves First Consideration in United States

MIAMI, Fla., Feb. 13.—(C-V Service, Inc.)—American Labor first! For the last week there has been meeting in Miami the executive committee of the American Federation of Labor. For the first time in a number of years this committee has met without the guiding influence of its late president, Samuel Gompers. A number of questions have been discussed, a number of matters heard, a number of decisions reached. The results of the decisions reached—the results of this meeting will be felt at the next conference of the Federation.

From the West, however, we still hear complaints about the manner in which a great number of employers feel over the question of American versus foreign laborers. And we wonder at the nerve of those, who, for the sake of saving a few cents, turn down daily hundreds of good citizens of their own native country, for those who have not and never will become Americans.

There are many people in California, in particular, who must make their way with the pick and shovel. There are others who have been chained to the sea. In a great many cases of late, judging from the number of letters received from working men, American employers prefer Mexican and Japanese labor. The American is turned down for the foreigner just because he can not work for as little. The American Federation of Labor has made no official comment on this situation, though many of its members have told the publisher of this newspaper that it was expected resolutions would be presented at the next open session, blacklisting all such employers. That will take time and the laboring man can not afford to lose that time, especially if he has hungry mouths to feed.

California is known as the golden state over the length and breadth of the land. One almost everyone jealous of the things which California has to offer. And those who have lived in our western bulwark are certain that the things of which we are proud cannot be dupli-

who, with his pick and shovel or with his net in the sea, works for us?

Sometimes one is almost inclined to believe that a spirit of brotherly love cannot be, one thinks that politics and creed have more effect on our living conditions than decency and sincerity of purpose. But there are, notwithstanding, any number of real Americans who can themselves blacklist the labor contractor, and who, if they knew of labor conditions as well as newspapers do, would be willing to do so at once. In serving the public let us serve the American laborer first.

PETITION FAILS TO BUST UP DISTRICT

Supervisors Decide in Favor of Brea-Olinda Union

The Brea-Olinda withdrawal from the Fullerton Union High School district was accomplished in a legal and straightforward manner, and the will of the voters which was shown at the election on the proposition, put an end to the matter, forming a new high school union by combining the Brea and the Olinda grammar school districts.

That, in effect, was the decision of the county board of supervisors last Tuesday, when a petition circulated in Olinda, asking for consolidation with the Yorba Linda district, with a view of getting back into the Fullerton union, was denied by unanimous vote of the board.

After listening to expressions of opinion from both sides, the supervisors without a dissenting vote, declared that the petition could not be accepted, and that the Brea-Olinda high school district had already been formed, pointing out that the election on the proposition resulted in a vote of over five to one in favor of withdrawing.

The petition to join Yorba Linda contained almost a hundred and fifty names, including two taxpayers, but a large number of the signers asked to have their names withdrawn after it was pointed out that joining Yorba would result in unnecessary expenses to the taxpayers, with no advantage except to satisfy a possible spiteful attitude on the part of a few Olinda residents.

In moving that the petition be denied Supervisor Schumacher said that the petition calling the recent withdrawal election in Brea and Olinda had been circulated for eight months and that the people of Olinda should have known the results before signing. He said that he was not opposed to the Fullerton Union High

many hundreds of good citizens of their own native country, for those who have not and never will become Americans.

There are many people in California, in particular, who must make their way with the pick and shovel. There are others who have been trained to the sea. In a great many cases of late, judging from the number of letters received from working men, American employers prefer Mexican and Japanese labor. The American is turned down for the foreigner just because he can not work for as little.

The American Federation of Labor has made no official comment on this situation, though many of its members have told the publisher of this newspaper that it was expected resolutions would be presented at the next open session, blacklisting all such employers. That will take time and the laboring man can not afford to lose that time, especially if he has hungry little mouths to feed.

California is known as the Golden state over the length and breadth of the land. One finds almost everyone jealous of the things which California has to offer. And those of us who have lived in our far western bulwark are certain that the things of which we are proud cannot be duplicated. We are especially proud to tell the world of our working and living conditions. Yet, do we, as a state, ever stop to think that there are those among us who are not able to get themselves jobs, not able to buy themselves food, not able to find themselves places to rest their weary bones at night?

It will take time for the great organization that protects the working man to adopt the proposed resolution. It will take time to make the effect of that resolution felt. Meantime, would it not be a more honorable, a more just, a more California thing to do, to see to it, those of who are employers, that Americans are given the first opportunity to labor for us? Cannot we, as citizens of the United States, give preference to our own race? Are we not big enough to give a living wage to the American man,

trict was accomplished in a legal and straightforward manner, and the will of the voters which was shown at the election on the proposition, put an end to the matter, forming a new high school union by combining the Brea and the Olinda grammar school districts.

That, in effect, was the decision of the county board of supervisors last Tuesday, when a petition circulated in Olinda, asking for consolidation with the Yorba Linda district, with a view of getting back into the Fullerton union, was denied by unanimous vote of the board.

After listening to expressions of opinion from both sides, the supervisors without a dissenting vote, declared that the petition could not be accepted, and that the Brea-Olinda high school district had already been formed, pointing out that the election on the proposition resulted in a vote of over five to one in favor of withdrawing.

The petition to join Yorba Linda contained almost a hundred and fifty names, including two taxpayers, but a large number of the signers asked to have their names withdrawn after it was pointed out that joining Yorba would result in unnecessary expenses to the taxpayers, with no advantage except to satisfy a possible spiteful attitude on the part of a few Olinda residents.

In moving that the petition be denied Supervisor Schumacher said that the petition calling the recent withdrawal election in Brea and Olinda had been circulated for eight months and that the people of Olinda should have known the results before signing. He said that he was not opposed to the Fullerton Union High School and was always ready to do the right thing for the school but that the withdrawal of Olinda from the bargain already made with Brea was not the right thing and that he would move that the petition for consolidation of the Olinda and Yorba Linda grammar school districts be denied. Supervisor S. H. Finley seconded the motion.

Satisfaction over the successful outcome of each move so far in the struggle to break loose from the expensive and unsatisfactory union with Fullerton was expressed by leading citizens of both Olinda and Brea and high officials of the oil companies, congratulating the various committees which have worked on the issue for the past year.

The election of high school trustees will be held in Brea and Olinda on Friday, the candidates being J. D. Sievers and W. H. Shaffer from Brea, J. W. Cullen and M. Mears from Olinda and A. F. (Warpy) Brown from the leases. So far as is now known, there is to be no opposition, but to avoid any possible of a dark horse being elected by writing in, plans have been made to get out a representative vote.

age production per well per month et about 1050 barrels, of an average of 35 barrels per well per day.

Largest Producing Area
"The Brea-Olinda field has been one of the largest producing areas in all respects in California. The initial production of the wells has varied from about 3000 barrels per day as a maximum down to just a few barrels.

"The depths of the well range all the way from a few hundred feet to over 5000 feet, depending upon the zone to which the well was drilled. The present extent of development has proven the existence of four producing zones, but 80 per cent of the development has been in the two upper zones and only about 10 per cent in the two lower zones.

"The total past production of the Brea-Olinda field from the beginning of the earliest well production to January 1, 1925, has amounted to a grand total of about 90,000,000 barrels, or about 106,000 barrels per acre for the 850 producing and drilled acres in the field. This is about 220,000 barrels per well, completed to production.

"One of the most remarkable features of the field is the slow rate of decline in production.

"When the statistics and examples of the past production are so impressive it is natural to wonder what a field like this can be estimated to produce in the future.

"However, it is difficult to estimate the future production of the field as a whole, because there is still so much undrilled territory for the two upper zones and the two lower zones are not hardly touched, as yet. Their productive limits are not defined and there is not the past production records on which to base a reliable estimate of the future.

"A conservative estimate of the future production recoverable with the present means of production for the entire field would be about twice the production recovered in the past. In other words, it would seem as if only about one-third of the total production of the field had been recovered up to the present time."

background distant outlines of mountains.

Many beautiful and magnificent displays can be seen in the main tent, as there are ten feature exhibits alone, as well as 21 rack exhibits, many of them features from Fullerton. A second great canvass covering houses an automobile show, the latest models of all cars being exhibited by dealers from everywhere in the Southland. A third covers an industrial exhibit, a rival of which has never been seen in

BREA SEEKS HIGH SCHOOL ADMISSION

News - May 23.
Fullerton Trustees Set Tuition Fee at Meeting

TRANSPORTATION REQUEST REFUSED

Masonic Organizations Thank School For Auditorium Use

Plans for the accommodation of students from the Brea-Olinda high school district at the Fullerton Union High School during the coming year were discussed yesterday when two members of the recently elected Brea high school trustees met with the Fullerton High School Board.

Trustees W. D. Shaffer and Brown, of the Brea board requested the Fullerton trustees to name the cost per head for accommodating Brea students at the Union high school.

The Fullerton board announced its willingness to admit students from Brea at a cost of \$225 per student per year for freshmen and sophomores and \$300 per student per year for juniors and seniors.

The request that the Fullerton Union High School also provide transportation for the students from the Brea-Olinda district was refused because of the heavy liability that would be placed on the Fullerton school. Professor Plummer said that should the Fullerton Union High School provide transportation for students from districts outside the district that the busses would be classed as common carriers and face heavy liabilities.

The trustees from Brea said that they would take up the matter of admitting students to the Fullerton High School with the board for the new district and that a decision would be reached before the next school term starts.

A letter from Dr. Lang extending the thanks of all Masonic organizations of Orange county for the use of the high school auditorium during the recent observation of Education week was read.

The final financial report on the finances of the Fullerton Union High School for the past year was presented by County Superintendent of Schools R. P. Mitchell and read. The year will end with a balance of \$23,000, according to the report and this sum will be applied on the construction cost of the new gymnasium.

HIGH SCHOOL BOARD BUSY

Trustees of District Hold First Meeting, Elect Officers

SIEVERS IS NAMED BOARD PRESIDENT

Meeting Calld For Tonight to Name New Principal

Meeting with County Superintendent of Schools Mitchell at the Brea Grammar School this morning, the newly-elected members of the Brea-Olinda high school district officially formed their organization and elected officers for present school year.

J. D. Sievers, large land-owner in the Brea district, was selected as president, and George W. Cullen, clerk of the Olinda grammar school board, was chosen to act as clerk for the newly-established high school district. Drawing lots to determine term-lengths resulted in W. D. Shaffer of Brea and M. Mears of Olinda getting the three-year periods; J. D. Sievers and G. W. Cullen, two years; and A. J. Brown, the one-year term.

One of the first official duties will be the selection of a principal, and a meeting for that purpose has been called for tonight at the Brea grammar school, when several applicants for the position will be interviewed by the new board. Following the appointment of a principal, the matter of caring for at least two grades for the coming term will be taken up, after which it is expected plans for financing new buildings will be formulated.

Ensemble.
Miss Evalyn Harvey will deliver the Gettysburg address, and Mrs. Hardy will give a reading. Miss Rose Donnelly of Anaheim will play violin solos.

Cocher Smith's men scored two in the second and in the third it looked as if the game was all over when Foster got on on Griffith's error. Brandie walked and Trachome beat out a hurt killing the bases with no one out. Wilson started to pitch real ball at this point and caused Hatfield to pop up to Griffith and Raffle to Irwin. Adams hit to Irwin who tagged Trachome at second retiring the side with no runs.

In the second Brea scored two when Irwin singled and Thompson rapped a safe one and both men crossed the rubber on Wilson's double to center. The game went into the seventh with Brea leading by one run. Hatfield took second base when Irwin failed to handle the ball properly and Raffle scored Hatfield with a lovely single through short. Darkness halted the game at this point. Irwin for Brea was the outstanding star of the contest with three hits, four put outs, 2 assists and three stolen bases, scoring one run himself and driving in two others. The score:

F. U. H. S. 020 002
Brea Bears 123 000

Summary—Two base hits—Griffith, Wilson. Bases on balls, off Wilson 1. Men struck out by Irwin 4, by Foster 2. Sacrificed hits, Trachome. Stolen bases, Irwin 3, Valente 2, Thompson 1. Wilson 1, Fullerton 1, Dowling 1. Men left on bases Fullerton 3, Brea 8, double plays, Valente 1, Irwin to Knowlton. Time of game 1 hour 10 minutes. Umpire, Hoyle.

ELECT OFFICERS FOR BREA-OLINDA SCHOOL

Trustees of the newly formed Brea-Olinda high school district elected last Friday were certified Tuesday with the number of votes for each, as follows: A. H. Brown, 261, G. W. Cullen, 254 Mears, 263, W. D. Shaffer 258 and J. D. Sievers 262.

This vote represents more than a 50 per cent turnout of voters in the district. Brown represents the leases between Brea and Olinda and Cullen and Mears will represent Olinda on the Board. Shaffer and Sievers are Brea residents.

Members of the board will be called together in ten days by R. Mitchell, county school superintendent, for the purpose of organization, and planning of the program for the new district.

First meeting of the new board will be held at 6:30 o'clock this evening at which time, possibility of a school bond issue, principalship and general organization of the new high school will be discussed.

NEW PUPILS AT HIGH SCHOOL WILL OFFSET LOSS OF BREA, IS BELIEF

By Jimmie June 17

B That the withdrawal of Brea and Olinda from the Fullerton union high school district will not draw as many students from the local institution as was first expected was disclosed at yesterday's meeting of the board of trustees of the school, when it was shown that the large number of pupils graduating from the grammar schools this year will swell the total number attending to more than offset the loss.

Figures showed that the Freshmen for next year will be so numerous that there will be very little decrease in the regular attendance, according to Principal Louis E. Plummer.

An invitation to the school to place an exhibit in the state fair in Sacramento in September was considered at the meeting yesterday, and decision reached to refuse the offer due to the time and expense which would necessarily

be incurred in doing so. The school has a very good record for the six months past and together with other organizations, such as service clubs and the American Legion have accomplished a great deal of good.

Through their industrial exhibit at the Orange show, where thousands visited their splendid exhibit.

display and the possibility of loss or destruction of the materials on the trip to the capital.

Following expressions of opinions of board members, it was decided to do away with all dispensing machines for candy and peanuts in the coming year. After the finish of this term no dispensing machines will be allowed on the grounds.

Consideration of budgets for the coming year occupied the majority of the time of the board meeting yesterday, and announcement of the decisions will be made following other meetings to make final arrangements. The budget of each teacher must be investigated, according to Principal Plummer, and this occupies a great deal of time.

The board met following a dinner in the high school cafeteria, and adjourned in time to witness the baseball game between Fullerton and the Brea-Olinda

BREA-OLINDA H. S. STUDENTS AT F. U. H. S.

Tentative plans for accommodating the students of the newly formed Brea-Olinda high school district at the Fullerton Union High School the coming year until a new building is erected were made at the meeting of the boards held Friday. The Fullerton high school board set a price of \$250 per student for freshmen and sophomores and \$300 per student for juniors and seniors for the term.

The Brea-Olinda school must furnish transportation, as the Fullerton high school busses will not be operated out side of the district.

A financial report of the institution for the year shows a surplus of \$23,000 which will be applied on the cost of erecting the new school gymnasium.

There will be a telephone booth open 24 hours a day for the convenience of the public.

Commerce have already appointed their committees which have been actively engaged in the work for some time. The joint meeting will undoubtedly settle some of the problems which have confronted the individual towns.

In the Los Angeles Managers' Association

and to those who feel that it was worth while and can afford to contribute to the expense of same—the Chamber of Commerce will highly appreciate your financial assistance, no matter how small it may be.

Brea Chamber of Commerce.
J. R. HUNT,
Secretary and Manager.

...the Brea Bowl. Monday at 1 p. m. at the Brea Bowl.

...of his time to the interests of the community within the next few months and is making preparation for the vast amount of work he is expected to handle by the establishment of a down town office.

...of the new Brea-Olinda high school district were graduated from—the grammar school of Brea Friday night. Prior to the presentation of diplomas by T. Elwood Moore, president of the Brea Grammar School board, F. W. Barnett, recently appointed principal of the new high school district spoke to the students.

The graduates were: Ben Baker, Viola Baker, Alice Cone, William Corlett, Zelma Danieleley, Mildred Fetting, Ala Ford, Gordon Jones, Mildred Kinsler, Robert Kuenzil, Ruth Livingston, Laura Merrifield, Mildred Montgomery, Florence Mosley, Mildred Murray, Philip Olmstead, Harold Platt, Elsworth Phillips, Helen Pursley, Mary Ramage, Lois Reed, Leona Rhone, Viola Russell, Jessie Sacks, Ray Sacks, Emeal Sarthou, Frank Schweitzer, Jessie Shores, Wilbur Shores, Judah Smith, Nondys Smith, Frank Sweet, Nora Swindle, Howard Waggoner, Norval Winchel, Marjory Williams, Edwin Wood, Jerry Woodward.

...a premium of \$2589. The First Securities offer was accompanied by a check of \$3200, as a deposit to guarantee the offer.

Application was also made the city council to the State Board of Health for permission to construct a disposal plant and collection system. It is expected that no complication will arise as the city engineer and city attorney have complied with all requirements.

The paving contract for West Cedar street, which will add approximately three quarters of a mile of pavement to the paved streets has been let, the Griffith Company receiving the contract. The price on this was approximately 22.7 cents per square foot. This bit of pavement connects Brea with the main San Diego-Los Angeles highway on the west and completes paved laterals in all directions to and from Brea.

Every Westerner has a record! Made by special records! Made by special records! Made by special records! Made by special records!

GRADUATES AT BREA HONORED

Award Diplomas to 37 Students, Nucleus for New School

Graduation exercises for the eighth grade pupils of Brea Grammar schools were held on Friday evening with I. W. Barnett, newly appointed principal of Brea high school, as the speaker. T. Elwood Moore, president of the school board, presided at the session and distributed the diplomas.

Thirty-seven members were graduated in the class, which will form a part of the first year class of the new Brea high school. Those who received diplomas were:

Ben Baker, Viola Baker, Alice Cone, William Corlett, Zelma Danieleley, Mildred Fetting, Ala Ford, Gordon Jones, Mildred Kinsler, Robert Kuenzil, Ruth Livingston, Laura Merrifield, Mildred Montgomery, Florence Mosley, Mildred Murray, Philip Olmstead, Harold Platt, Elsworth Phillips, Helen Pursley, Mary Ramage, Lois Reed, Leona Rhone, Viola Russell, Jessie Sacks, Ray Sacks, Emeal Sarthou, Frank Schweitzer, Jessie Shores, Wilbur Shores, Judah Smith, Frank Sweet, Nora Swindle, Howard Waggoner, Norval Winchel, Marjory Williams, Edwin Wood, Jerry Woodward.

ment of the community as a whole and are going to prove themselves very valuable in the building of this progressive city of northern Orange county.

Following is a list of the officers of the Brea Woman's Club: President, Mrs. Clayton; first vice president, Mrs. Phelps; second vice president, Mrs. Rymer; secretary, Mrs. Beatrice Livingston; corresponding secretary, Mrs. Hughes; treasurer, Mrs. W. E. Fanning; parliamentarian, Mrs. J. R. Hunt; curator, Mrs. Frank

Increased activity in the Olinda oil fields is featuring the start of the summer season. Five new rigs are being constructed by the Chanalof-Canfield people, while several wildcat propositions are contemplated.

Oil well supply houses and manufacturers of drill well specialties report unusual activity in their respective lines. The Shaffer Tool Works of Brea and Duro Engineering company of Brea, both report that they have been working extra shifts and have been pressed to get out the work demanded of their respective firms.

three months it now has an enrollment of 59 members and is fast becoming one of the strongest clubs in Orange county.

The club has met in the chamber of commerce building regularly since its inception and has a definite program of work outlined, co-operating with the chamber of commerce in its work to build a bigger and better community. Last month the Brea Women's Club affiliated itself with the federated clubs of Orange county and no doubt it will within the near future become a state and national federated club.

For the closing meeting to be held on Monday the 22nd, the club has been divided into five committees. Each committee is to put on a stunt and furnish a certain portion of the luncheon which is to be spread on that day. Each member is to bring a guest. After this meeting the club will not convene again until fall, when active club work will be taken up once more.

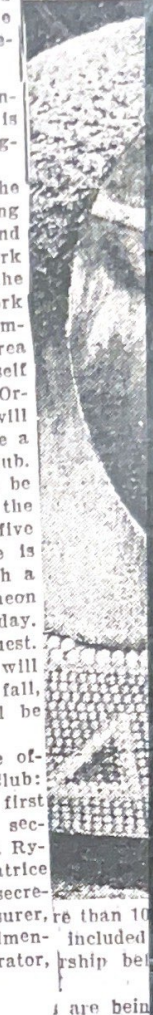

Following is a list of the officers of the Brea Women's Club: President, Mrs. Clayton; first vice president, Mrs. Phelps; second vice president, Mrs. J. E. Rymer; secretary, Mrs. Beatrice Livingston; corresponding secretary, Mrs. Hughes; treasurer, Mrs. W. E. Fanning; parliamentarian, Mrs. J. R. Hunt; curator, Mrs. Frank Schweitzer.

tain restricted districts including a residential, business and industrial areas. It will thoroughly protect all property owners and is one of the most advanced steps in the plans made for the future. It places a community in the front with other progressive cities.

LOCAL C. OF C. ASKED TO JOIN ROSES PARADE

C. Hal Reynolds, Chairman Pasadena Parade Committee, Pasadena Tournament of Roses, Pasadena Chamber of Commerce asking to enter the coming event on May 1st 1926.

Mr. Reynolds complimented community on the active part taken in public affairs, and that he believes that no other in Southern California, gives publicity to a community through Tournament of Roses Parade.

JANIA A

Brea Chamber of Commerce Brea, California.

Dear Hunt:

Permit us to take this opportunity of commending you, your Committee for the displays you had at the Orange Show at Anaheim. feature display and your exhibit were very attractive and out a doubt they helped me in placing your splendid con before an interested public.

It is indeed gratifying to forward step your community taken during the past few thru your live wide awake Chamber of Commerce. It only shows community can progress with citizens work together for the common good.

Feeling that we are all family in Orange County we hope that you will continue good work and that your Chamber will continue to function as the live organizations in this and rest assured of receiving per cent co-operation from Ana in all matters for the good of the county as a whole.

Very truly, SANTA ANA C. O. A. L. Oliger, Secy

BREA TRUSTEES CONSIDER SITE

June 8 Tribune
W. Barnett, a new principal of the recently formed Brea-Olinda high school district was formally elected at the meeting of the school trustees Tuesday evening. Mr. Barnett comes to Brea from Torrance where he was principal of the high school.
Selection of a high school site and the provision of temporary quarters for the students during the erection of the new high school were the important items considered at the regular meeting of the board. Several excellent sites have been under discussion and it is thought that a selection will be made in the near future.

The grade pupils of Brea grammar schools were held on Friday evening with I. W. Barnett, newly appointed principal of Brea high school, as the speaker. T. Elwood Moore, president of the school board, presided at the session and distributed the diplomas.

Thirty-seven members were graduated in the class, which will form a part of the first year class of the new Brea high school. Those who received diplomas were:

- Ben Baker, Viola Baker, A Hod Cone, William Corlett, Zelma Danley, Mildred Fetting, Ala Ford, Gordon Jones, Mildred Kinsler, Robert Kuenzil, Ruth Livingston, Laura Merrifield, Mildred Montgomery, Florence Mostley, Mildred Murray, Philip Olmstead, Harold Platt, Elsworth Phillips, Helen Pursley, Mary Ramage, Lois Reed, Leona Rhone, Viola Russell, Jessie Sachs, Ray Sacks, Emeal Sarthou, Frank

INCREASED OIL ACTIVITY SEEN

June 5 Tribune
Many New Rigs Started With Much Work Due Through Summer

Increased activity in the Brea-Olinda oil fields is featuring the start of the summer season. Five new rigs are being constructed by the Chanslor-Canfield people, while several wildcat propositions are contemplated.

Oil well supply houses and manufacturers of oil well specialties report unusual activity in their respective lines. The Shaffer Tool Works of Brea and Duro Engineering company of Brea, both report that they have been working extra shifts and have been pressed to get out the work demanded of their respective firms.

three months it now has an enrollment of 59 members and is fast becoming one of the strongest clubs in Orange county.

The club has met in the chamber of commerce building regularly since its inception and has a definite program of work outlined, co-operating with the chamber of commerce in its work to build a bigger and better community. Last month the Brea Women's Club affiliated itself with the federated clubs of Orange county and no doubt it will within the near future become state and national federated club.

For the closing meeting to be held on Monday the 22nd, the club has been divided into five committees. Each committee is to put on a stunt and furnish a certain portion of the lunch which is to be spread on that day. Each member is to bring a gift. After this meeting the club will not convene again until when active club work will be taken up once more.

Following is a list of the officers of the Brea Women's Club: President, Mrs. Clayton; vice president, Mrs. Phelps; second vice president, Mrs. J. E. Mer; secretary, Mrs. Bea Livingston; corresponding secretary, Mrs. Hughes; treasurer, Mrs. W. E. Fanning; parliamentarian, Mrs. J. R. Hunt; curtain, Mrs. Frank Schweitzer.

CITY BUDGET CONSIDERED BY TRUSTEES

Report for Fiscal Year 1924-25
Shows City in Healthy
Condition

The 1925-26 budget and tax rate monopolized the greater part of the attention of the Board of Trustees Wednesday evening. Provisions must be made for the recent sewer bond issue and the tax rate will undoubtedly get a boost. However the rate has not yet been definitely fixed as a complete check of the budget will be necessary to make sure that every item has been taken care of.

Approximately \$900 per year will be added to the budget this year as an increase in the advertising fund, which money will be at the disposal of the Chamber of Commerce for use in matters of advertising value to the city. The addition of this item was urged by a committee composed of J. D. Stevens and J. R. Collins who called the attention of the board to the fact that practically every city is now carrying such a fund ranging in amounts of from \$800 to many thousands of dollars per year. The advertising fund, it was pointed out will be used in such a manner that every tax payer will receive the benefits. In the past this work has been carried on by the Chamber of Commerce and the funds were derived from subscriptions from comparatively few.

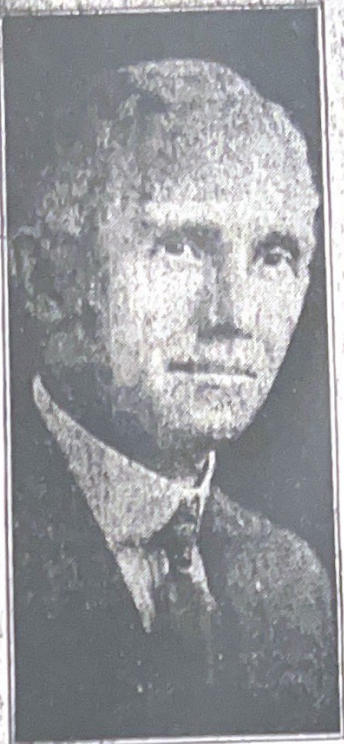

The report for the fiscal year ending July first, shows the City to be in a healthy condition, notwithstanding a deficit of \$829.73. While this deficit is shown on the report, in reality it does not exist except as a loan from the general fund to cover a temporary shortage caused by delinquent taxes on paving and curb assessments, which will be paid in later.

Following is the detailed report:
From July 1st, 1924 to July 1st 1925

I. W. BARNETT

Principal of the Brea-Olinda High School.

Mr. Barnett is a pleasant, highly polished man who has the happy faculty of getting along with students and teachers alike. He comes to Brea from Torrance. Brea is fortunate in securing a man of his calibre as the first principal of their new high school.

HIGH SCHOOL FACULTY IS ANNOUNCED

Enrollment of 80 Students Is Expected: Buildings Will Be Ready

Everything will be in readiness for the opening of the new Brea High School on Monday morning September 14, according to announcement made today by principal I. W. Barnett.

Principal Barnett announced the faculty to be as follows:

Cornelius L. Hurley—History, science and physical training.

Mrs. Grace Reed—Commercial.
Clara May Post—Spanish, Girls' physical training.

Edna K. Neugebauer—English, Domestic Art.

Ross Nichols—Manual Training.
Mrs. Helen M. Ballantyne—Domestic science.

Allie M. Youtsey—Art.
Louis G. Chapman—Music.

Each member of the faculty received the highest praise from Principal Barnett. He stated that the Brea high school would rank high in its rating and that a complete course of study necessary for college entry would be given.

Sept 10, 1925

NEW SCHOOL WILL START

With probably 80 pupils enrolled, the new Brea High School, formed this past year by the withdrawal of the Brea and Olinda districts from the Fullerton Union High School, will open its doors for its first semester on September 14, according to the principal, L. W. Bennett. The new school buildings are about completed it is said and it is expected that the motor bus will be delivered this week. The high school building is on the grounds of the Brea grammar school. The teachers beside the principal include: Cornelius L. Hurley, history, science and physical training; Mrs. Grace Reed, commercial; Clara May Pest, Spanish, girls' physical training; Edna K. Neugebauer, English, domestic art; Ross Nichols, manual training; Mrs. Helen M. Ballantyne, domestic science; Alice M. Youtsey, art; Louis G. Chapman, music.

REMODEL BREA SCHOOL HOUSE

The Brea-Olinda high school board has completed remodeling one of the Brea grammar school buildings to be used temporarily for high school students. The first and second year students will be housed in this building during the coming school year.

Location of the new high school building, which will be erected for this district during the coming year, has not been decided upon. Several offers have been made the board, but none have been accepted. It is expected that a bond election will be called sometime during the month of October. Between \$250,000 and \$300,000 will likely be asked for the construction of buildings and the purchase of land.

William Worth, one son, two brothers and two sisters. Both brothers and one sister are living in Porterville and the other sister in San Raphael.

The funeral is to be held at the Hilgenfeld, Rollins Funeral parlors at 10 o'clock tomorrow morning with Rev. Bell of the Baptist church of Brea in charge of the services. Interment will be in Loma Vista Cemetery.

BREA UNION TO PLAY BIG GAME

Union Oil baseball players of Brea are anticipating a pleasant week of practice in an effort to regain prestige shattered in the first defeat after a series of 10 straight wins in Southern California baseball contests, during which they met some of the strongest teams in the managers' circuit.

The William Lanes of Los Angeles took the measure of the Union Oilers Sunday and started the new ambition for the necessary practice which will put them back in the limelight again. Eleven games played with 10 victories and one defeat looks well in the percentage column, however, according to team officials, who are determined that the unexpected is not going to happen again.

The Brea Union team has been pressed into service under the name of "Transportation" to play the Dominguez team at Santa Fe Springs at 4 o'clock Wednesday afternoon. The Aristo team of Los Angeles is battling for the Dominguez players in this same struggle so interesting developments are anticipated with two bitter rivals fighting it out. The contest promises to be something like a session between two wolves in sheep's clothing, according to those divulging the inside information.

at the start and sent the Bearcats on their way to the final victory.

in charge of the J. E. Seale funeral parlors.

entertainment were enjoyed. While the guests were busy talking, six of the women marched into the room carrying a clothes basket heaped with many lovely and useful gifts. Behind them came more guests drawing a small express wagon also filled with gifts. Light refreshments were served at the end of the afternoon. Over seventy-five guests were present from La Habra, Fullerton, Huntington Beach and Brea.

that Guhock will take the mound against the Brea Merchants in the second game of the series.

Segalla's arm proved more effective in the pinches Sunday than did the bats of the Brea Merchants and Segalla turned in his 10th straight victory of the season, a record worthy of praise.

Segalla's teammates went wild in the first few innings and allowed three runs to cross the platter, but the rest of the game saw the scoreboard boy hanging up goose eggs for the Merchants, while the Union Oilers got busy with the bat and clouted in eight runs to sew up the contest. Yorba connected with one of Johnson's choice offerings for a home run with Leach on base, and three hits and a walk counted three more in the 5th, an additional three were scored by the Union

in the eighth when Leach's three base knock came at a most inopportune time for the Merchants. The score ended, Union 8, Merchants 3.

J. R. Conroy, chairman of the Merchants division of the Chamber of Commerce.

Merchants urge shoppers to buy early Saturday and provide for the two days, Sunday and Monday.

surprise). The new pieces in a buffet and piano.

Earliest Wardell is recovering from an accident which occurred last week on the Graham Follum lease and which, it is said, have cost him his life. He caught in the belt and threw over the bull wheel, while he attempted to adjust the clutch of the drive shaft. If he had carried six inches further, it is said, he would have been crushed under the bull wheel. He was badly cut and bruised around head and neck and was taken to the Fullerton hospital after treatment was given.

In order that they may know where they are, a sign "Brea" is being painted by William Tremaine on the top of his garage to let aviators what the name of town is.

Mr. and Mrs. Chas. Miller and children, Roberta and Edward, accompanied by John Steel and family of Fullerton, have returned from a motor trip, visiting Whittier, Convict Lake, Silver Lake, Yosemite Valley, Pismo Beach.

Mr. and Mrs. J. C. Sexton and family of Redlands, with their children were dinner guests Friday evening of Mr. and Mrs. L. A. Sayle. The Sextons are enjoying a month's vacation at Long Beach.

Mr. and Mrs. William Lineberger are erecting a modern six-room cottage on their property on South Poplar street and expect to have it ready for occupancy in about six weeks.

Mr. and Mrs. H. W. Sellers and son and Mr. and Mrs. Burt Rhones are enjoying a two weeks outing of fishing and hunting at Mammoth Lake and other nearby points.

870 personal calls made by the secretary and his assistant; 1721 telephone calls placed and 2650 letters written from the secretary's office, making 9259 instances where the Brea Chamber of Commerce was in direct contact with persons, companies, industries, and organizations in some way interested in Brea and its Chamber of Commerce.

ed in a new and separate building on West Birch street. The new system was started this week. At present a small directory is in use but with the issuing of the new county directory Brea will have a section, it is said.

BREA

While they have been enjoying a visit with their son in Billings, Mont., parishioners of Rev. and Mrs. W. B. Corlett of the Brea church have arranged a surprise for them in the way of remodeling and furnishing the parsonage. It was understood that they were to remodel the parsonage while the pastor and his wife was away but the addition of the furniture is a surprise. The new pieces include a buffet and piano.

Earliest Wardell is recovering from an accident which occurred last week on the Graham and Colton lease and which might have cost him his life. He was caught in the belt and thrown over the bull wheel, while he was attempting to adjust the clutch on the drive shaft. If he had been carried six inches further, it is said, he would have been crushed under the bull wheel. He was badly cut and bruised around the head and neck and was taken to the Fullerton hospital after first aid treatment was given.

In order that they may know where they are, a sign "Brea" is being painted by William Tremaine on the top of his garage to tell aviators what the name of the town is.

Mr. and Mrs. Chas. Miller and children, Roberts and Edward, accompanied by John Steelfand family of Fullerton, have returned from a motor trip, visiting while gone, Convict Lake, Silver Lake, Yosemite Valley, Pismo Beach.

Mr. and Mrs. J. C. Sexton of Redlands, with their children, were dinner guests Friday evening of Mr. and Mrs. L. A. Sayles. The Sextons are enjoying a month's vacation at Long Beach.

Mr. and Mrs. William Linebarger are erecting a modern six-room cottage on their property on South Poplar street and expect to have it ready for occupancy in about six weeks.

BREA-OLINDA SCHOOL DISTRICT VOTES ON \$350,000 BONDS OCT. 3

Sept 12 Tribune
Voters of the new Brea-Olinda from the Fullerton high school district, faces the necessity of making a completely fresh start in the acquisition of an educational plant. The \$320,000 bond proposal represents the size of the project, including purchase of a school site, construction of a building and its equipment.

STRICKEN JUROR HOLDS UP TRIAL

Sept 15 Tribune
With the evidence and argument completed yesterday, the trial of Harry Winchell, of Brea, marked time today, awaiting the recovery of a suddenly stricken

ORANGE COUNTY STIRS INTEREST

Sept 15 Tribune
According to J. R. Hunt, secretary of the Brea Chamber of Commerce, who returned from the State of Sacramento, yesterday

Mr. Beard, manager of the telephone company, said: "Hello, is this Mr. Beard?" "Yes, this is Beard, manager of the telephone company." "I wish to thank you for the honor of being permitted to place the first call over the new Brea Exchange board."

BREA TELEPHONE EXCHANGE NOW HANDLING CALLS

Mayor Sullivan Officially Notified of Completion

Sept 15 Tribune
The above words exchanged between Mayor C. A. Sullivan and E. A. Beard, manager of the Northern Orange county division of the Pacific Telephone and Telegraph Company, marked the inauguration of telephone service in Brea through its own exchange at 12:45 Saturday afternoon.

Mayor Sullivan thanked the telephone company through its manager, Mr. Beard, for their co-operation with the city in establishing the local exchange and assured them of the appreciation on the part of the people of Brea. Manager Beard assured the people of Brea through their mayor that the telephone company will do everything possible to render the best of service at all times.

Formalities over, the local exchange got down to business and began fulfilling the promises which mean a great advancement in Brea's commercial life. The handicap of placing and receiving telephone calls through an exchange located and listed under another city has been removed forever.

General satisfactory service has been rendered this week and telephone communication has been greatly facilitated. There are 210 telephones in the temporary di-

J. D. SIEVERS QUILS BREA SCHOOL BOARD; BOND ELECTION SET OCT. 3

Location of Buildings Planned in \$320,000 Issue to be Voted on in Election is Big Question; Olinda Residents to Meet for Discussion

Resignation of J. D. Sievers as president of the Brea-Olinda high school board today marked the second withdrawal from the personnel of the trustees within the last two months and provided another problem to be worked out in the face of building plans and location of a new structure involved in a bond issue election called for October 3.

In resigning, Mr. Sievers, who is also president of the Brea chamber of commerce, pointed out that due to recent changes in his business connections, his interests are now largely in Los Angeles, and declared he felt it would be impossible to devote a proper amount of time to the high school questions.

M. Mears of Olinda was the first member of the board to resign his post, having left his position about two months ago, at which time the vacancy was filled by the appointment of Newton Williams, also of Olinda. Two men have been mentioned as under consideration for appointment to fill the vacancy caused by the action of Mr. Sievers. They are Charles Sullivan and Frank Schweitzer. Members of the board are expected to take some action on the matter at once.

Much interest has been demonstrated in the coming election on October 3 and three sites have been proposed. It was originally planned, according to Olinda residents, to locate the school on property between the two districts served. Brea residents, however, are now advocating two sites within the city limits as location for the new buildings.

A meeting of Olinda residents has been called at the Olinda school for tomorrow evening at which the site question will be discussed. A large attendance is anticipated and a number of Brea residents interested in the school question are expected to attend.

An architect has already been retained by the board to prepare plans for the new Brea union high school building and considerable progress in the planning of the institution has been made. P. C. Kistner & Co., of Los Angeles, are to be in charge of the architectural work. This firm is declared to have had wide experience in high school planning, one of their projects being the Excelsior union high school, near Norwalk.

Voters will cast their ballots on October 3 at the Lowell school in Brea, and at the Olinda school. Selection of the site and the proposition of the \$320,000 bond issue will be the projects at stake.

**C. C. To Work for
High School Bonds**

Brea-Olinda High School bonds will get united backing of the Brea C. of C according to action taken at the meeting Monday night when it was voted that the organization bend every effort to bring out a winning vote on October 3.

The election is called for that date to vote bonds to the extent of \$300,000 for the purpose of purchasing land and the erection and equipping of buildings for the high school which is now housed in temporary buildings on the Brea Grammar school grounds.

An effort will be made to show that it is the duty of every citizen to cast a vote in favor of the bonds. There is no fear that the bonds will fail to carry provided the voters turn out and cast their ballots. The only danger is in "letting George do it."

Concerning the deal is being kept secret and very little information is available at the present time but it is understood the purchasers intend to manufacture several patented articles for which there is a good demand in the oil fields.

Fullerton postoffice Saturday, it was announced today.

Those seeking appointment to the Brea office are Louis A. Will, Elmer Gurley, who is now acting postmaster; Mrs. Florence Matthews, C. R. Merrifield, assistant postmaster; Charles V. Kinsler, now city recorder; Mrs. Calla Winger, Mrs. Jennie Burford and Edmund Burke.

Resignation of J. D. Slevers as President of the Brea-Olinda High School Board
M. Mears of Olinda was the first member of the board to resign his post, having left his position about two months ago, at which time the vacancy was filled by the appointment of Newton Williams, also of Olinda. Two men have been mentioned as under consideration for appointment to fill the vacancy caused by the action of Mr. Slevers. They are Charles Sullivan and Frank Schweltzer. Members of the board are expected to take some action on the matter at once.

Much interest has been demonstrated in the coming election on October 3 and three sites have been proposed. It was originally planned, according to Olinda residents, to locate the school on property between the two districts served. Brea residents, however, are now advocating two sites within the city limits as location for the new buildings.

A meeting of Olinda residents has been called at the Olinda school for tomorrow evening at which the site question will be discussed. A large attendance is anticipated and a number of Brea residents interested in the school question are expected to attend.

An architect has already been retained by the board to prepare plans for the new Brea union high school building and considerable progress in the planning of the institution has been made. P. C. Kistner & Co., of Los Angeles, are to be in charge of the architectural work. This firm is declared to have had wide experience in high school planning, one of their projects being the Excelsior union high school, near Norwalk.

Mr. and Mrs. J. T. Salvesson of Brea, and at the Olinda school. Selection of the site and the proposition of the \$320,000 bond issue for Athens and Mr. and Mrs. S. Salvesson of Fullerton, Friday evening. The occasion was a birthday and wedding anniversary of the honored guests.

Mr. and Mrs. T. A. Sayles were business visitors to Anaheim, Friday.

Dr. C. C. Jarvis with little Ruth Rymer and Evelyn Heckel, attended the circus at Santa Ana, Thursday evening.

The Boys' Club sponsored a box social which was held Friday evening at the Christian church. A number of young folks were present and a good time was enjoyed by all. The proceeds of the social will go towards basketball suits for the team.

In honor of the new teachers of Brea, the Brea Grammar and Laurel School teachers entertained in the beautiful kindergarten building of the Laurel school.

Miss Spicer is doing Bible school work in Wilshire church in Los Angeles each Sunday morning. Tuesday evening the churches of Brea will meet at 7:30 at the Congregational church to hear about the Near East relief work. There will be pictures thrown on the screen. An offering for the work will be taken. The public is invited.

The many friends of Mr. and Mrs. Ed Beatty early residents of Brea who have been away for the last few years, will be glad to hear they are again back in this locality. They operated the service station on the Brea-Olinda road.

Miss Barnett, daughter of the principal of Brea-Olinda high school has enrolled as a student in Whittier college.

Brea News

BREA, Sept. 24—Mr. and Mrs. Ernest Emery and Mrs. Clara Emery of Los Angeles spent Friday at the home of Dr. and Mrs. C. C. Jarvis.

Mr. and Mrs. Scott Treman and daughter, Barbara, who have been enjoying the past two weeks with relatives and friends in Brea, returned to their home in Inglewood.

Mr. and Mrs. J. T. Salvesson of Brea, and at the Olinda school. Selection of the site and the proposition of the \$320,000 bond issue for Athens and Mr. and Mrs. S. Salvesson of Fullerton, Friday evening.

Carriers

Progress Oct 1
Years of effort finally rewarded by Order Creating Service

January first Brea will have two carriers who will make two mail deliveries daily, according to instructions received this week by Postmaster Gurley.

The fact that Gurley as Postmaster would be the man to receive the orders to establish the service is quite a coincidence as it was Gurley's Chamber of Commerce worker who started the movement nearly 2 years ago to secure such service for the city. He made preliminary surveys of the city with Postal Inspector Jarvis. The reports made by Jarvis following his tour were received this week by Gurley.

Mail delivery service will be maintained within the city limits of Brea on sidewalks and street work has been put in, it being against the post office rules to deliver mail where these improvements are not in or where they have not been placed a mail box or receptacle.

It is also necessary, Postmaster Jarvis states, that every house in the city be numbered with regulation street numbers and that street signs be erected.

In addition to the morning and afternoon deliveries in the residential section, parcels post deliveries will be made in the business section. An order has been issued to Edward Craig, manager of the building in which the post office is located, to furnish the necessary equipment for the extra service.

Gurley has been a consistent plugger for the village carrier service and has taken an active part in the campaign waged by the C. of C. While he is not inclined to take credit for the final success of the efforts, his friends here recognize the fact that he has done his community a great service.

There will be games and dancing, a popular joy zone and side shows prepared for a real time and opportunity to get acquainted with your neighbor at the first big community party to be staged in Brea. The party is for Friday night, October 30. Bring the...

dore Tremanie and Secretary Mason of the Brea Air Club. Brea's plans along aviation lines came in for much discussion and many complimentary remarks, and secretary Hunt got considerable applause when he told of the success of the Brea Air Club, with 48 members before it was a month old.

Reports from many prominent men in various lines, all interested in aviation, made the affair unique for an Orange county meeting, as aeronautics has never challenged the attention of big men as much as it is doing at the present time. Supervisor Finley told of the purchase by the county of a quarter-section near Santa Ana, and plans of Santa Ana to organize an Air Club and put on a meet in November were announced by secretary Olinger of the Santa Ana Chamber of Commerce.

Many delegates from Glendale were present, among them the mayor of that city, who declared that aviation has done more than any one thing for Glendale, the advertising value amounting to millions of dollars in his estimation. Several speakers emphasized the fact that commercial aviation is the biggest thing the future holds, and towns and cities were warned not to neglect the present opportunity to establish suitable air ports and landing fields.

The Brea Air Club was urged to line up with the Western Aero League, and many of the pilots present expressed their intention of attending the Brea Air Club dance in Craig Hall tomorrow (Friday) night.

Progress Oct 1
 Members of the Orange county harbor commission, the board of supervisors and a small group of other prominent men of the county accompanied the rivers and harbors committee of congress on its tour of inspection of Orange county harbor yesterday afternoon.

Phil Swing, congressman from this district, also accompanied the committee and guests. The congressman making a special point to be here in connection with the visit of the distinguished group from Washington, D. C.

Brea was represented at the meeting by W. A. Culp, E. A. Gurley, C. H. Woodruff and J. R. Hunt.

Commanding Officer's instructions issued has issued a general order...

BREA HIGH SCHOOL BONDS CARRIED BY BIG MAJORITY IN LIGHT VO

Oct 5 Tribune
Selection of Site to be Made in Few Weeks Time by Board

Voters in Olinda and Brea expressed themselves overwhelmingly in favor of the proposed bond issue of \$320,000 for a new high school in the district at the election held Saturday in the two towns, according to W. A. Culp, secretary of the school board.

Of the votes cast in Brea, 262 voters favored the issue, and only six were against the action. In Olinda, 32 voted for the issue, and 20 opposed the measure.

According to Culp, a selection of the site will not be made for at least two weeks, as a member of the district board is in the east and will not return for some time. Appointment of other members to the board is in the hands of R. P. Mitchell, county school supervisor, he stated.

The amount voted will be used in construction and equipment of buildings and in the purchase of a site. Much interest in the matter of selecting a location for the buildings is being shown and the decision in the matter is being weighed carefully by members of the school board.

Flight will demonstrate how well situated is Newport Bay to serve Orange county as a port of entry and the Brea people are quick to see the advantage of port development. In addition to the Newport Harbor race there will be a dozen or more startling events, including efficiency races, an exhibition of smoke screen and bombing. Army and Navy planes will be in competition. There will be parachute drops, stunt flying and the event will close with an air circus.

The special trophy of the City of Newport Beach will be on display in a few days.

of the ceremony. Friday
The next ceremonial meet-
ing will be held the second
night in December will
be in charge of Mrs. Virgil Kiger.
W. E. Fanning, superin-
tendent of the Brea schools, made
a business trip to Los Angeles last
week end.

Virgil Kiger, guardian of
the camp-fire group, "Lewa," was
in Los Angeles Thurs-
day to buy supplies for the group
at the camp-fire headquarters.
Mrs. Bus Callan and
daughters of Orangethorpe
were guests at the home of Mr.
Mrs. Ted Salvesson, Sunday
noon.

Chas. Harvey and son Don,
visitors at the home of rela-
tives in Perris Sunday.

The ladies of the Baptist
church held a chicken dinner and
a sale Friday evening in the
gym hall. The dinner was well
attended.

In preparation for the com-
munity Thanksgiving service, the
members of the various churches are
meeting on Friday nights at the
regional church to prepare
special music. Mr. Hilgenfeldt is
in charge of the music.

Dinner guests at the home of
Mrs. W. E. Fanning Sunday were
Mrs. C. E. Harvey and daughter
Evelyn, and Frank Schweltzer.

Two automobiles of folks motor-
ed to Long Beach Saturday, where
they enjoyed a plunge party.
Those who enjoyed this affair
were Mr. and Mrs. Chas. Harvey,
Miss Clara Mae Post, Miss Dor-
othy Schweltzer, Miss Evelyn Har-
vey, Miss Kathryn Fanning and
Don Harvey.

The intermediate department
of the Brea Christian church gave
a cooked food sale Saturday. The
money goes towards the log cabin
addition which they are planning
to build for their meeting place
on Sundays.

Mr. D. B. Barnett accompanied
his daughter and a group of
Whittier College freshmen girls
for a week end party to the
mountains, where they enjoyed
snow sports.

Mrs. Kennon served a
luncheon assisted by Mrs.
Goodell (Beatrice Proud).
Gifts carried out the cele-
bration introduced by bowls of
fruit holly. Before her de-
parture each guest wrote a favor-
ite recipe for the bride-to-be.
The shower, in addition to
the hostess and honoree, were:
Horace Blair (Dorothy Ran-
ner), Miss Susan Walker, Miss
Hibbs, Mrs. Frank M. Bry-
son, J. G. Sargent, Mrs. Mer-
cer (Hazel Cook) of Hunt-
ington Park, and Mrs. Edgar Her-
man (Frankie Mae Taylor).

official information concerning
the well other than that it has
been brought in last evening and
has flowed steadily throughout
the night, could be obtained to-
day from Shell company officials,
who were extremely reticent to
divulge any information.

No official gauge has yet been
placed on the well and the flow
thus far has only been judged by
estimates, it was reported. The
well is declared to be approx-
imately 5000 feet in depth, tap-
ping the deep sands. Just what
gravity the oil will test has not
yet been revealed, officials de-
claring that no tests have yet
been made.

Other companies nearby are
declared to be prepared to drill
offset wells and much additional
development in the deeper sands
of the Brea Ganyon field is antici-
pated as a result of the success
of the Shell company in the new
producer.

candidates for the position.

MODEL AWARDS

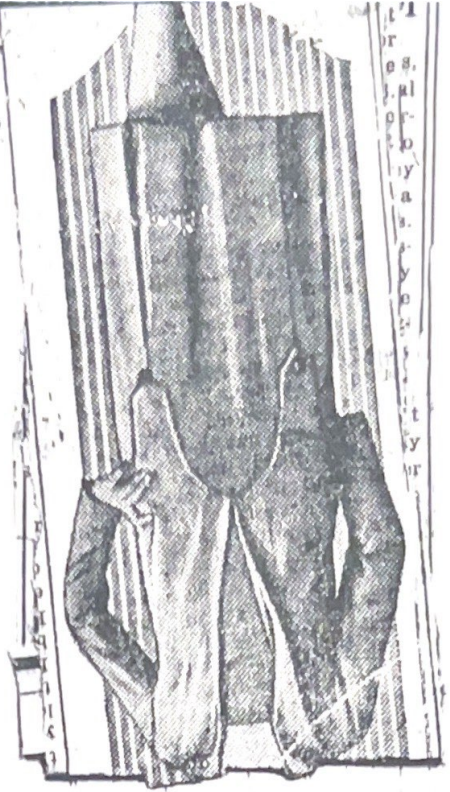

Following the final judgment
which preceded the first annual
Brea Air Club dinner last night
officials definitely announced
that Dayid Merrill, 11 year old
Olinda youth, was to receive first
prize for the model airplane con-
test conducted by the club.

Merrill's model was a light-
weight wooden replica of the Cur-
tis J-N plane, the popular model
similar to those owned by Bill
Dowling of Placentia, Otto Schaf-
fer, Leland Miles and Ellery Tre-
maigne of the Brea club.

Second and third prizes were
awarded to Alvord Little and Syl-
van Beebower of the Fullerton uni-
on high school. Little's produc-
tion would have won first prize,
according to the officials, but the
plane was made from plans not
the individual work of the boy.
Beebower's entry caused consider-
able interest, as it was a model of
a twin-propellor sea plane. Some
of the pilots who judged the en-
tries were inclined to award first
place to this entry, but it was not
quite completed in some details,
so the first award went to Mer-
rill.

All three winners have received
congratulations of the Brea Air
Club, according to Frank Mason,
secretary, and have been urged to
prepare their models for the Glen-
dale Airport contests which will
take place next month.

At the dinner, Mrs. M. E.
Tower of Huntington Park, Miss
Susan Walker, Mrs. Horace Blair,
Miss Helen Hibbs, Mrs. E. B. Her-
man, Mrs. Kennon. Among those
to send presents were Mrs. B. M.
Hoge of La Habra.

SALE OF BONDS IS MADE TODAY

Published Nov. 17.
The Brea-Olinda high school
district's \$325,000 bond issue was
sold today by the county super-
visors to the First National Bank
of Santa Ana, which offered a
premium of \$13,005 for the
bonds.

Four buyers were in the mar-
ket today when the supervisors
opened bids on the bonds, which
pay 5 per cent interest. The low-
est premium offered was \$6,725,
from R. H. Moulton and Company,
Los Angeles.

The Anglo-Paris-London Com-
pany and Dean-Witter Company
joined in a bid of \$8,113, and the
California Securities Company
bid \$9,729.

The local bank bid was prompt-
ly accepted on motion of Super-
visor William Schumacher.

B. Merrill; 2—Mrs. Calla Win-
ger; 3—Mrs. Florence E. Math-
ews. At Fullerton the ratings
were: 1—John B. Horner; 2—
Harry Williams; 3—Charles C.
Clark.

Revenue Is Sufficient For Needs

Bulk of funds paid by Rich Oil lands; Vote Saturday

That the yearly income at the present interest, pay running expenses and retire the bonds, is the declaration of the Brea Chamber of Commerce High School bond committee in its statement to the voters of this district in its campaign to win votes for the high school bond issue which will be held Saturday, Oct. 3 at the Laurel School, Brea and the Olinda Grammar school, in Olinda.

The committee bases its contention upon the fact that this is a rich district with an assessed valuation of \$11,000,000 which compares favorably with Anaheim and Tustin and is greatly in excess of other districts which maintain good high schools.

This district is called upon to vote \$320,000 worth of bonds with which to purchase grounds, erect a group of buildings and purchase equipment for the New Brea Olinda high school. The bonds are to be retired in forty years. The yearly portion of this sum which the average home owner would pay would be practically nil. It is declared that the amount would be less than is now being paid by this district into the coffers of the Fullerton high school fund.

On the other hand it is pointed out by the committee that in case the bonds fail to carry the school board will proceed with the project on the direct taxation plan in which event would increase the present tax rate. This action being the right and duty of the school board. This fact clinches the argument for the bond advocates who assert that the only way to keep your taxes down is to vote the bonds.

The fact that the bulk of the school tax is to be borne by the big oil companies operating in this district relieves the home owners of the burden. There is absolutely no argument which can be raised against the bonds that will stand up. Property owners have been paying taxes into the Fullerton High School district. The Brea-

Brea News

BREA, Oct. 5—Mrs. J. Gray, who was taken to the hospital last Monday for an appendicitis operation is doing very nicely.

Mr. and Mrs. W. D. Shaffer left for a trip to Oklahoma and Chicago. They expect to be gone for a month.

Mr. and Mrs. W. E. Spicer attended the wedding of a college friend in South Hollywood yesterday.

Billie Reed, son of Mr. and Mrs. C. Reed of E. Elm street, who is in the navy and was on the cruise to Australia was home for a few days, visiting his parents and sisters. Many happy family reunions were held in his honor.

Mr. and Mrs. Clarence Darling and baby arrived recently from their home in Pennsylvania for a visit with her parents, Mr. and Mrs. C. Reed. They are at present visiting Mr. Darling's parents in Redlands.

In honor of Mrs. C. Rist's birthday a family dinner was held at the Rist home. It was a double celebration, also honoring her brother Billie Reed, who is home for a few days' leave from the fleet which is here at the harbor.

Bill Murphy, who has been one of the clerks in the Safeway store for several years, has been transferred to the Safeway store at Huntington Park, as manager.

Thursday evening at the kindergarten building, the Parent-Teachers' Association held a reception for the teachers of the grammar and high schools. The room was beautifully decorated with baskets of dahlias, and the many floor lamps added to the charm of the evening. The assembly joined in community singing led by Mr. Hilgenfeld. A welcome was extended by the presidents of the associations. Mrs. A. Sullivan and Mrs. Schweltzer, after which Mrs. R. Russell, one of Brea's favorites, gave several readings and a planologue. Miss Alice Chapman sang a group of songs which were greatly enjoyed.

Mrs. Chas. Harvey then conducted an examination of the faculty and board members, which was so very amusing. This stunt showed that the teachers were not able to answer questions which were answered very easily by the members of the P.-T.-A. and caused a great deal of laughter.

A game to find one's partners was next played, followed by a grand march to the refreshment room where delicious cake and sherbet was served by the committee in charge. There were over one hundred guests present and all left better acquainted with each other.

Mrs. J. Ackerman of Anaheim, spent Thursday at the home of Mrs. T. Silveson.

Mrs. Chas. Harvey was a visitor in Los Angeles Tuesday evening.

Forrest Hurst Chose C. of C. President

E. F. Hurst, manager of the Boiler Works and for the past director of the Brea Chamber of Commerce and chairman of industrial division, was unanimously chosen president of the organization at a meeting of the board of directors last evening.

Forrest Hurst is one of the active workers in Chamber of Commerce work in Brea and his have borne much fruit, the industrial division of the Chamber being of high caliber. Mr. Hurst fills the position formerly occupied by J. D. Sievers, whose personal affairs occupied so much time that he was necessarily forced to leave the civic work of all kinds.

E. E. Anderson New Director
E. E. Anderson, better known in Brea and throughout Southern California as "Andy," is the new director of the Brea Chamber of Commerce.

Mr. Anderson is the man who opened the shops in Brea this part of the year. He has been active in Chamber of Commerce work and his knowledge of industrial work will be of special value to the board.

C. H. Woodruff Head of Merchants' Division

C. H. Woodruff was unanimously selected head of the merchants' division of the Brea Chamber of Commerce on Monday evening.

Mr. Woodruff is one of the popular merchants in Brea and the board of directors feel that they have chosen a man of rare ability to head the work of the merchants' division.

The re-organization of the merchants' division in 1926 will be watched with interest. During their off hours the grounds will probably be used for winter baseball by the Van Brothers' Club and the Merchants' club.

DANCE AT BREA TOMORROW
A dance which has thrilled thousands of radio fans who listened in on KFON for several days.

Vote Saturday

That the yearly income at the present cover interest, pay running expenses and retire the bonds, is the declaration of the Brea Chamber of Commerce High School bond committee in its statement to the voters of this district in its campaign to win votes for the high school bond issue which will be held Saturday, Oct. 3 at the Laurel School, Brea and the Olinda Grammar school, in Olinda.

The committee bases its contention upon the fact that this is a rich district with an assessed valuation of \$11,000,000 which compares favorably with Anaheim and Tustin and is greatly in excess of other districts which maintain good high schools.

This district is called upon to vote \$320,000 worth of bonds with which to purchase grounds, erect a group of buildings and purchase equipment for the New Brea Olinda high school. The bonds are to be retired in forty years. The yearly portion of this sum which the average home owner would pay would be practically nil. It is declared that the amount would be less than is now being paid by this district into the coffers of the Fullerton high school fund.

On the other hand it is pointed out by the committee that in case the bonds fail to carry the school board will proceed with the project on the direct taxation plan in which event would increase the present tax rate. This action being the right and duty of the school board. This fact clinches the argument for the bond advocates who assert that the only way to keep your taxes down is to vote the bonds.

The fact that the bulk of the school tax is to be borne by the big oil companies operating in this district relieves the home owners of the burden. There is absolutely no argument which can be raised against the bonds that will stand up. Property owners have been paying taxes into the Fullerton High School district. The Brea-Olinda district has been formed, now that money is to be paid into this district. It is necessary to vote the bonds in order that the money will be made immediately available for the expenditures necessary for the new school plant. And as pointed out above, the same taxes now being paid will liquidate the bonds in forty years.

A decisive vote in favor of the bonds is much to be desired in so much as it gives the bond purchasers the feeling that the entire population is behind the project. A two-thirds majority vote is necessary to carry a bond election, therefore it is the duty of every person favoring the bonds to cast their ballot on Oct. 3. The polls will be open from 8:00 A. M. until 8:00 P. M. Do your bit.

Mrs. Chas. Harvey then conducted an examination of the faculty and board members, which was very amusing. This stunt showed that the teachers were not able to answer questions which were answered very easily by the members of the P.-T. A. and caused a great deal of laughter.

A game to find one's partners was next played, followed by a grape march to the refreshment room where delicious cake and sherbet was served by the committee in charge. There were over one hundred guests present and all left better acquainted with each other.

Mrs. J. Ackerman of Anaheim, spent Thursday at the home of Mrs. T. S. Swenson.

Mrs. Chas. Harvey was a visitor in Los Angeles Tuesday evening.

The Jeromé Shaffer entertainment given by the "Uplifters' Club" a group of young men of Brea, at the grammar school auditorium, Tuesday evening was quite a success and a neat little sum was netted with which to buy basket ball suits.

The Laurel P.-T. A. is having its annual membership drive under the captains, Mrs. A. D. Yost and Mrs. J. Nicklet. A lively time is anticipated for the losing side will entertain the winner. Brea is arranging a parade today of the school children for publicity of the Brea-Olinda high school bond election held Saturday at the Laurel school building.

E. F. Hurst, manager of the Brea Boller Works and for the past year a director of the Brea Chamber of Commerce and chairman of the industrial division, was unanimously chosen president of the organization at a meeting of the board on Monday evening.

Forrest Hurst is one of the most active workers in Chamber of Commerce work in Brea and his efforts have borne much fruit, the work of the industrial division of the Chamber being of high caliber. Mr. Hurst fills the position formerly occupied by J. D. Sievers, whose personal affairs occupied so much time that he was necessarily forced to abandon civic work of all kinds.

E. E. Anderson New Director

E. E. Anderson, better known in Brea and throughout Southern California as "Andy," is the new director of the Brea Chamber of Commerce.

Mr. Anderson is the manager of the Duro Engineering Works which opened its shops in Brea the early part of the year. He has been very active in Chamber of Commerce work and his knowledge of the industrial work will be of special value to the board.

C. H. Woodruff Head of Merchants' Division

C. H. Woodruff was unanimously selected head of the merchants' division of the Brea Chamber of Commerce on Monday evening.

Mr. Woodruff is one of the most popular merchants in Brea and the board of directors feel that they have chosen a man of rare ability to head the work of the merchants.

re-organization in 1926 will be watched with interest. During their off season the grounds will probably be used for winter baseball by the Sullivan Brothers' club and the Brea Merchants' club.

DANCE AT BREA TOMORROW

Music which has thrilled thousands of radio fan-who have listened in on KFON for the past tomorrow night. The opportunity to get this unusual jazz orchestra is the result of efforts of the Long Beach Aero Club to co-operate with the Brea Air Club in promoting interest in aviation in this district.

Craig hall has been selected as the scene of this dancing party and the fame of the orchestra is expected to crowd the floor. Last Friday the Air Club gave a special theater program which was well attended, and the interest displayed in all the affairs of the club is taken by the officers as an indication this part of Orange county is awake to the possibilities of aviation. More details of the forthcoming air meet are to be announced at Friday night's

drawal of the Brea District from the Fullerton Union High School. One of the best attended and most interesting meetings the local C. of C. has had for some time was held in the Boy Scout club hall Monday evening. Rev. William Thornton of Fullerton and Mr. Wornington of Los Angeles representing the Los Angeles Greater Association, were present and delivered interesting addresses on the purposes and activities of that organization. Several members were pledged at the meeting and the Chamber voted a hearty endorsement of the association.

After the big feed the regular routine of business was transacted and many interesting things for the advancement of Brea was brot out. On education the Committee reported that definite action had been taken for the establishment of a High School for Brea and by action of the Chamber of Commerce the committee was instructed to invite Olands and La Brea to join Brea in their withdrawal from the Fullerton Union High School. This committee reported that had taken definite action in this respect last meeting, and had inaugurated necessary procedure for the withdrawal of the Brea district from the Fullerton High School.

The proposition of a City Park was brought before the body by Dr. Jarvis and discussed by differ-

ent members of the association and the chair was instructed to appoint a committee to draft a resolution to the city trustees recommending the purchase of twenty nine acres of a certain tract of ground owned by the Union Oil Company which now has located on it the Boy Scout Club Rooms for the purpose of a City Park. The association was promised by E. H. Peterkin a swimming pool to be installed immediately after the purchase of the property. M. C. Fiscus also made a similar promise as coming from the Boy Scouts.

by various Brea individuals, committees, and organizations. Information has been obtained from all quarters and the matter thoroughly sifted.

Some surprising facts have been dug up—and more surprising figures have been compiled. The maze of school law, with its endless rulings, amendments and ramifications has been looked into, waded through, and reduced to statements that ordinary humans can almost understand.

Meetings called to discuss school matters have been attended—speakers for and against have been invited to address Brea gatherings. And enough varied information has been imbibed by some Brea citizens to convert them into walking encyclopedias. They are fuller of facts, figures and arguments than these insurance pests and politicians.

And they point out that civic pride alone should impel any town to become independent of other communities—they furnish figures to move the economy of education nearer home—and they are convinced that all this can be accomplished in spite of the expected opposition from Fullerton.

But aside from the standpoint of civic pride—forgetting entirely the enormous saving of money possible, there are so many other elements of desirability surrounding a local high school that the few apparent advantages of remaining in the present union are completely overshadowed.

Next week, The Progress will publish a special High school edition, which will contain a more complete survey of the situation.

BREA C OF C STARTS NEW FISCAL YEAR

Members of the Brea Chamber of Commerce Board of Directors opened the fiscal year for the local organization with a bang at their first regular meeting held in the Chamber of Commerce headquarters last night.

J. D. Sievers, newly elected president of the Chamber outlined the work for the coming year and complimented the organization on the wonderful results accomplished during the past few months.

The exhibits at the California Valencia Orange Show which the Chamber of Commerce is planning, the program of work for the ensuing year and expansion of the activities of the organization in general were taken up.

The Industrial Division of the Chamber of Commerce has reserved five spaces for their display and expect to have one of the best exhibits in the industrial tent. The feature exhibit of the Chamber will be quite elaborate and the committee in charge expects to make a wonderful showing. City planning, parks and playgrounds, industrial development and community publicity were a few of the many important items discussed in the program of work for the organization during the coming year.

Brea is experiencing good times. Many new business blocks are under the course of construction and several new residences are nearing completion. The industries of the community are working extra hard and a spirit of optimism prevails.

Following is a list of the new officers and directors of the Chamber of Commerce. J. D. Sievers, president; J. R. Collins, first vice president; Ted Craig, second vice president; J. R. Hunt, secy.-Mgr.; F. Hurst, W. R. Minor, J. A. Leisinger, W. E. Fanning, W. D. Shaffer and W. A. Hall.

which now adorns the highway near the city and county line. It is expected that the work will take ninety days time for completion.

was characterized by enthusiastic reports on what had been accomplished during the past period. J. D. Sievers, newly installed president presided.

The optimism evident at Monday's meet but reflects, it is asserted, the spirit that is generally prevalent among business men of the fast growing little city. Several new business blocks are under construction as well as many residences and the past week alone has seen the arrival of three addi-

BREA-OLINDA ELECT MEMBERS OF NEW BOARD

More Than 50 Per Cent of Qualified Electors Go to Polls Register

BREA, May 6—Considerable more than 50 percent of the voters of the newly created Brea-Olinda High School District turned out to the poles in the election of trustees held Monday. It became known today when official returns were announced.

The vote follows: J. B. Sievers, 262; A. H. Brown, 261; G. W. Cullen, 254; M. Mears, 253, and W. E. Shaffer, 258. As only five men had been nominated for the position all these were elected without opposition.

The trustees elected were nominated to represent the various divisions of the district; J. D. Sievers and W. D. Shaffer, Brea proper; George W. Cullen and M. Mears, Olinda; and A. H. Brown, oil leases between the two cities.

Bobbie Ball, and Leslie Leusinger. Other guests were Mrs. R. R. Gaudin, Mrs. Ruth MacMillan and daughter, W. C. Vinson, and Mrs. C. W. Vinson and daughter, Betty. The honoree received several presents in honor of his birthday. Games were played, and dainty refreshments were served by the hostess who was assisted by her daughter.

are A. S. Bradford, C. R. Farrar, J. D. McDonald, C. E. Lee, J. W. Bennie, E. C. Basten, A. B. Miner, E. K. Elry, Fred Cline and O. C. Christensen. The new club was fostered by the Brea Lions.

START 26 WELLS OVER PAST WEEK

Oil field operations reported to State Oil and Gas Supervisor R. D. Bush during the week ending May 2, 1925, show 26 new wells started, as compared with 27 during the previous week. Of the 26 notices to drill filed this week, 10 were for wells in the Inglewood field, 2 in the Torrance field, 1 in the Brea-Olinda field, 2 in the Rosecrans field, 1 in the Montebello field, 2 in the fields of Ventura county, 7 in the fields of Kern county, and 1 in the Coalinga field. The total new wells this year is 450, as compared with 547 at the same date last year.

Tests for water shut-off this

BREA C of C HAS BUSY SESSION

PROGRESS Much Work is Planned By Local Chamber of Commerce

With the dismissal of all department heads, and committee chairman and the adoption of a program of work for the coming year, the Board of Directors of the Brea Chamber of Commerce started off the new fiscal year of the organization with a bang.

J. D. Sievers, the new president of the Chamber of Commerce, opened the meeting with a few well chosen remarks regarding the possibilities of this community and the obligation of Board of Directors to the Chamber of Commerce. "In taking the office of President of the C. of C., I am asking the whole hearted cooperation of every member of this Board and member of the organization. Results obtained by the C. of C. during the past few months are indeed gratifying and have been felt far and wide. A spirit of optimism prevails and we must continue the good work which is still within its infancy."

City planning and zoning, parks and playgrounds, industrial development and publicity were the four planks of the program of work adopted, although many other suggestions were made and many other problems will be taken care of.

All members of the Board were present with the exception of W. E. Fanning who is confined to his home on account of illness.

The chairman of the various department heads the standing committees and special committee will be chosen by J. D. Sievers, president of the Chamber of Commerce, within the next few days.

As has been the custom in the past all committee chairman have been relieved of their duties at the close of the past fiscal year and at the beginning of the new fiscal the re-appointment or selection of new officers made.

City planning and zoning, playground, publicity and industrial development, the four major planks of the Chamber of Commerce for the ensuing year, have been adopted by the board of directors of the C. of C. for serious consideration and work the present year.

Fullerton Tribune
Dec. 18, 1925

BREA-OLINDA SCHOOL BOARD TO CONSIDER NEW SITE SUGGESTED

Dec. 18 - Tribune

Reports that delay in the selection of a high school site was being caused by the failure of the Brea-Olinda union high school board of trustees to agree on a location were denied this morning by members of the board who point out that no action can be officially taken on the matter until the money for the sale of the \$325,000 bond issue is actually in the hands of the county treasurer and a special meeting for the purpose of deciding on the site has been called by the superintendent of schools.

While a majority of the members of the board have been reported as favoring a school site between Brea and Olinda, a recent post-card referendum is said to show a decided preference for the old aviation site on Pomona avenue, approximately half a mile from the Fullerton city limits.

According to W. D. Shaffer, member of the high school board, a compromise site is now being considered which is said to be more satisfactory than either of these two to the heaviest taxpay-

ers of the district. This is the Hamilton tract between Cedar and Date streets and two blocks from Pomona avenue.

Chester Brown, representing the Union Oil company, which is the largest property owner and taxpayer in the district, is reported in a recent interview as stating that in his judgment, the Hamilton tract is the ideal site for the proposed high school plant, and J. D. Seivers, former member of the school board and president of the Brea Chamber of Commerce is said to favor this location. Seivers is reputed to be the largest individual land owner and taxpayer in the school district.

Failure of the trustees to agree at the special meeting to be called by County Superintendent of Schools Mitchell for the selection of a site will result in the necessity, according to school law, of resorting to an election, and it is to avoid the delay and expense of this procedure that the compromise site is being proposed.

FAIL TO AGREE ON BREA SITE

Jan. 11 - 1926
High School Location to
be Settled by Voters;
Board Fails to Act

Voters in the Brea-Olinda union high school district will be called on to choose a site for the proposed \$400,000 high school plant, it was announced by County Superintendent of Schools R. P. Mitchell, following a session of the school board at the Brea grammar school this morning at which the trustees failed to agree on any of the locations submitted.

Four Favor Site

Although four of the members, A. H. Brown, G. W. Cullen, H. E. Becker and Newton Williams all favored the so-called "Birch street" site, the fifth member of the board, W. D. Shaffer, spoke at length in favor of the hambleton and Blanchard location, supporting his contention with a petition bearing 460 names, and a letter from J. D. Seivers, large property owner.

In all other matters coming before the board, a majority rules, but the school law specifically states that in the selection of a site the five trustees must agree unanimously, so after the vote was taken Superintendent Mitchell who presided, announced that he will call an election as soon as necessary arrangements can be made.

Jan. 11, 1926

Consider Olinda

G. W. Cullen, in his remarks, contended that the board was morally obligated to select the Birch street site, since they had practically promised Olinda residents this would be done, at a mass meeting held for the purpose of increasing interest in the establishment of the school. Mr. Shaffer argued that no such promise had been made.

A. H. Brown declared that the new high school has made a very satisfactory start, and in order that it may continue to progress and develop should be located away from the center of the city, also mentioning the fact that the Hamilton location would cost twice as much as the other.

Air Views On Site

Monte Fiscus, Mrs. Liberty Roberts, and Bill Giltner were among interested patrons of the school who attended the meeting. Mr. Fiscus expressed the hope that the matter would not go to an election thus making additional expense for the taxpayers, but that the trustees would take into consideration the petitions submitted. Mrs. Roberts told of her experience as a school teacher for 15 years, and stated that she believed a school should be located as near as possible to the center of population. Mr. Giltner declared that the community of Olinda is located on leased property and that the center of population will within a few years be near the Hambleton site.

The school board comprises W. D. Shaffer, A. H. Brown, G. W. Cullen, H. E. Becker and Newton Williams.

DISTRICT SELECTED BIRCH ST.

Thurs
Feb 25,
1926

The Birch Street site for the Brea-Olinda High School won out in Saturday's election by 181 votes.

This was one of the hardest fought elections ever held in this section of the country, and perhaps the largest vote ever polled was gotten out. It is generally conceded that the vote in Brea proper was in the neighborhood of 150 for the Birch Street and some 400 for the Hambleton-Blanchard, but the almost solid vote of Olinda and the leases for the Birch Street site overcame that of the city of Brea.

The vote at the Laurel school, which included several of the leases went 375 for Birch and 421 for Hambleton, while Olinda alone polled 237 with all but five registering for the Birch Street.

The site selected is on the boulevard at the edge of the city limits of Brea on what is known as the Birch Street road. It comprises 17 acres of property of the Graham-Loftus company just outside the city limits of Brea and 3 acres of citrus grove in the city limits which is designated as a part of the Yrairte tract.

Practically all the pre-election bitterness has already been forgotten and the district is again united with a determination to make the Brea-Olinda high school one of the best in the state.

The matter of condemnatoin proceedings to clear title to the site selected will be started immediately and if this can be accomplished without more delay than was promised the buildings should be started within the next few weeks.

SHAFFER THANKS SUPPORTERS

Thursday Feb 25-1926

The heavy vote of the question of locating the High School Saturday showed the wide interest and that the people of the district realize that it is their own high school.

As soon as the title and the new site is secured let us show the same interest in making this the best school possible.

I wish to take this opportunity to thank all those who supported my stand on the question.

—W. D. SHAFFER.

Brea Progress

Biggest Thing Ever Happened In Brea

'T WAS GETTING THE HIGH SCHOOL COLLINS SAYS

The biggest thing that ever happened in Brea was the location here of the Brea-Olinda high school. This is the opinion of J. R. "Jack" Collins, who since 1911 has been here with the Dausser-Brown Lumber company. To start with the company's plant was just north of the Pacific Electric tracks, or across the street from the Brea Boiler works. In later years the present site was obtained and the plant moved.

Mr. Collins remembers that the campaign to locate the high school began probably in 1925. There was an active good Chamber of Commerce functioning here, with Jay Hunt, now of Venice, as secretary. The president was John D. Siever, now of Whittier. Collins remembers that he was at the head of the merchants committee at that time and Forrest Hurst of the industrial committee. Of course there were many others who were just as active.

Prior to the high school being opened in 1927, the young people of Brea and vicinity were compelled to attend the Fullerton high school. Fullerton objected strenuously when it became known that Brea would fight to get one of her own. At one stage in the game even an injunction suit was attempted to prevent the location.

"We first went to La Habra and asked them to join us in the location of a union high school between the two cities, but the citizens there turned us down flat," Collins says. "Then we tried Placentia, but that city was not interested. The citizens there were looking forward to getting a high school of their own, which they did eventually. Then we propositioned Olinda and successfully."

Got Greatest Premium

When the bonds for the new high school were voted, probably for \$320,000, the people of Olinda saved the day by giving a majority of 235 out of 242 votes cast. Here in Brea the people gave less than one hundred majority against the bonds, but the total cast at Olinda saved the day and the high school.

"I do remember," says Collins, "that when we sold those bonds they brought a premium of \$13,005, or the greatest bond sale premium ever obtained in Orange county."

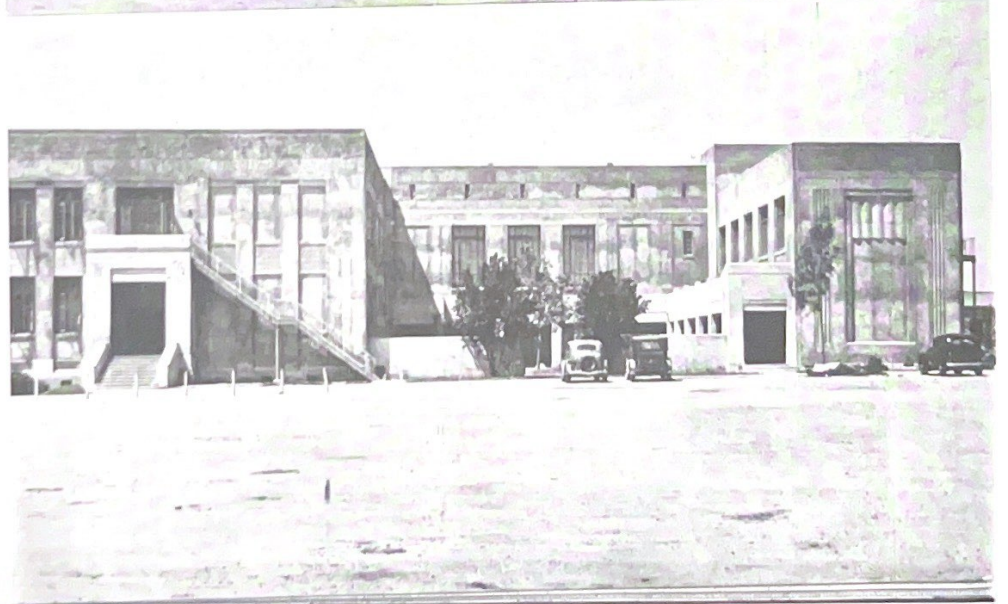

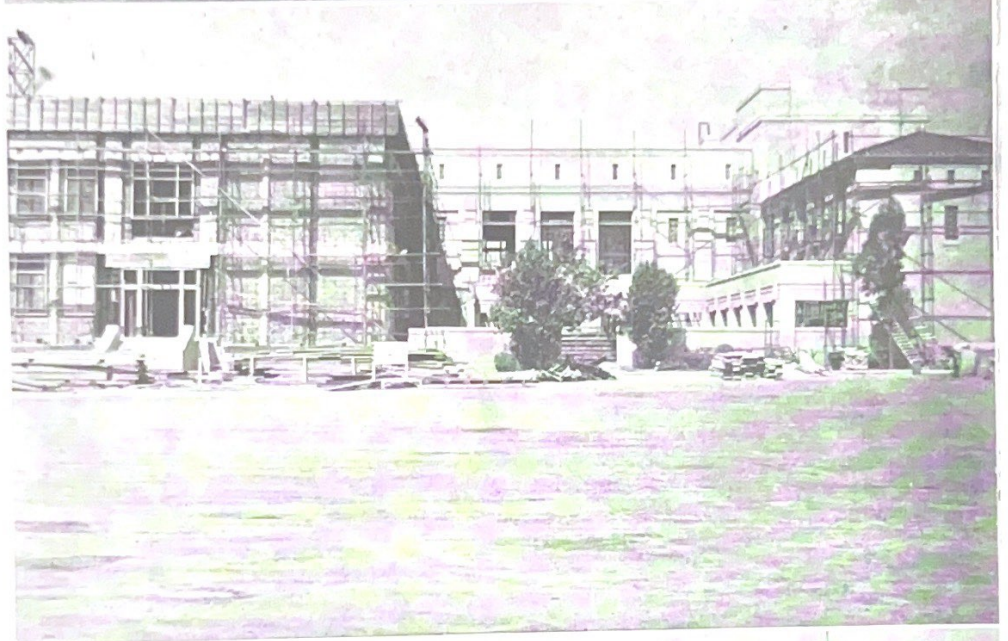

"We never did have a better Chamber of Commerce in Brea than we had during several years, including the middle 1920s," says Collins. "There were nine men on the board of directors, and we had a fine, fighting membership. It took a long time to work out the high school details, win the fight and see the buildings constructed, but it was well worth all the efforts that had been put forth."

It is remembered in this connection that credit for permission to have a high school here really belongs to "Bill" Schumacher, then chairman of the county supervisors. It was necessary to have this permission and the Brea campaigners were given Schumacher's assurance that he would give every assistance.

A-Log Here Tonight

Enthusiastic Students Leave Tents Behind

With much excitement and hurrying about from one class to another the students of Brea-Olinda again moved into the building. The students and faculty members have anticipated for many months the day when they could again hold their classes in the building.

The building has been changed considerably. The rooms and the hall have been painted in a lovely shade of peach which will be easy on the eyes of the students. All of the dark woodwork has been done away with. The entrance is greatly admired by all. It has been widened and three big double doors now take the place of the former one. The library has been moved to the location of Miss Bruner's room and has been enlarged. The store room for the books has been changed to the nurse's old office. The nurse's office will now be permanently located in the former men's rest room in the art wing. Mr. Gould is temporarily in the room formerly used as the library. The bank now opens directly off the hall. Fire escapes have been placed at three places but are to be used only in emergencies. The auditorium has been shortened and the balcony has been taken out. This latter is a great advantage for now the people sitting in the back of the room can hear more plainly. Formerly those sitting beneath the balcony could not hear very well. Mr. Harvey's office has been made larger and Mrs. Van Derhoof now occupies the former student body office.

BATTLING SENIORS PLAN MONEY-MAKING SCHEMES

After dividing the Senior group into two divisions at their class meetings before vacation, the sides retired and feverishly began searching their minds for money-making plans. The sudden activity is due to the contest which the two sides are waging. The conditions are that the losing side give a party for the other half. With Leslie Jones taking charge, the "ones," as the first is termed, have arranged for a show which it to be given the twenty-eighth, the concessions at the Sport-a-lag, a one-act play to be presented after the show by the boys, and a box social for the entire school to participate in. The girls are to prepare a box lunch and then auctioned off to the boys who will eat the lunch with the girl who brought it. The bidders are not to know which girl brought which box.

Frances Smith, James Griffith, Leslie Jones, and others are each attending to the different activities and reporting on them to the class.

Ruth Carlson and Gordon Baker were elected chairmen of group II. Group II received permission for half of the concessions to the Sport-a-log, and are considering the idea of putting on a combined show at the Brea Theatre with Group I.

The students of Brea-Olinda welcome Milton Chittenden, a junior, into their midst. Milton last attended Tustin high. His father is a scientific rancher in the employ of the Union Oil company.

TO EASE RHEUMATIC PAINS

FLEDGLING REPORTS INITIATED AT APRIL FOOL MEET

Brea-Olinda energetic and industrious scribes met last night in the home of Bud McConnell for the purpose of initiating new members into their Press club.

Following a sumptuous repast at which the center of attraction was chicken. The fledgling reporters were initiated and a short business meeting was held during which Quill and Scroll pins were awarded to a few members.

Students initiated were Bonnie Fae King, Clarence Eardley, and Alvin Almgren.

LIRPA LOOF

Apples will be given to all students at three o'clock in the gymnasium today only.

People with cars are requested to drive on the lawn and park in the halls.

Running through corridors permissible from 8:00 a. m. to 3:00 P. M.

Die students rate high grade beginning next Monday.

Lazy people will be transferred at noon beginning tomorrow.

Faculty members are cordially invited to chaperone all couples in the west patio.

Orchids, instead of cactuses, are being offered by "I Sez" today.

Only students may slide down the stairway casings, if you desire to.

Live, laugh, and love, until next April Fool's Day.

SENIORS GO OLD FASHIONED WITH BOX SOCIAL, DANCE

Everyone in the school is invited to an old-fashioned box social and dance which the seniors are giving on Friday, April 9 at 6:30 P. M. in the high school gym.

As is the custom, the girls will furnish the boxes which will be auctioned off by Mr. Stuelke.

These boxes may be purchased for as little as 15c. There will be entertainment while you eat, and a dance will follow immediately. The admission to this whole gala evening is only ten cents and the seniors know that everyone who comes will have a good time. So, let's see everyone out to support this grand affair.

Athletic Evens Will Headline Program

Experienced performers from colleges and athletic clubs will show their dexterity in feats of acrobatic skill under the sponsorship of the student body in the high school gym, at 7:45 tonight.

Rhythmic tap dancing and fencing will be offered by U. A. C. graceful tumblers and gymnasts will represent UCLA; the kendoist, a Japanese fencer, and the booming Judo men come from the Inglewood Wrestling and Judo club; Whittier Athletic Club will exhibit two contortionists, a little royal with four blindfolded boxers in one ring and wrestlers and boxers. The Hippodrome Rink of Long Beach will roll merrily along with three fancy dancers.

If last year's interest is repeated tonight the gymnasium of the high school will be full to capacity. Twenty-five cents is a comparatively small sum for the adults and fifteen for children. Those who prefer the reserved seats below, for thirty cents, see the show from the floor. Cash S. S. "Shorly" Smith and Bud Gould have worked hard to bring together a variety of programs.

MAIN BUILDING RETURN PUZZLES SCRIBES

"Say could you tell me where Mr. Andrew's room is now?" asked one girl of another Monday morning after coming back to the Main building which was completed during the Easter holidays. Students were very excited at being back but rather mixed up after having been in the other buildings and tents for so long.

About noon, cries such as "I would get an upper locker" and "My locker simply won't work" were echoing through the halls above the clicking of opening and closing lockers. "Gee, I'm glad my locker is near the door" were echoing through the halls above the clicking of opening and closing lockers. They do get mixed up a little and have a few inconveniences in getting adjusted to the building.

Continued from Page One

Alva and C. E. McKinnis, Ford, Mrs. Carrie M. Kimmmons, and Thomas Morgan, all of Brea. R. Dumphy lost the end of the Santa Fe company, 1 to drill in the Chapman file Swindle resigned as drill for the Fullerton Oil company for the Santa Ana Development company.

Child Badly Burned

Frances Contreas, 7-year-old daughter of Mr. and Mrs. Contreas, was severely burned when she turned over a kettle of boiling water.

Charles Kimmons returned home from Brea after eighteen months in the supply troop of the 10th cavalry in Texas.

President Harry Ray of the Chamber of Commerce named a committee to arrange for the observance of Arbor Day. A committee of the fire department will exhibit two contortionists, a little royal with four blindfolded boxers in one ring and wrestlers and boxers.

Mr. J. M. Burquist asked help of 20 aprons for little girls. Macabee ladies postponed because of the illness of commander, Mrs. Hazel.

The Benbenth home was opened a new residential in the east of Brea.

Mr. and Mrs. Jay C. Sexton and Mrs. George Jackson, were visitors from Ontario. Several Brea ladies attended a memorial service in Fullerton for the Marsh, whose death had occurred overseas. They were Mrs. K. Spicer, Mrs. J. M. Burquist, Mrs. Frank Schweitzer and Mrs. Barnett.

From Men Overseas

Mr. Melvin Salver came from one of ten men chosen to organize a band and tour where he was serving as a letter carrier, returned from the Easter holidays. Mr. Salver indicated that Joe Reinhardt of Olinda was missing overseas. Alvin Shyer of Olinda wrote from a New York travel agent that he would see foreign before returning home.

Mr. Christian church folks had a service from a former pastor, Rev. The following went to Fullerton to attend a Christian Science service—Mr. and Mrs. John Mr. and Mrs. Charles T. though they do get mixed up a little and have a few inconveniences in getting adjusted to the building.

James Reynolds entertained her guests, Mrs. Los Angeles, Mrs. Pogue Babra, Mrs. J. F. Pendleton, Brea canyon, Mrs. Bates, Scherbrink and Mrs. J. B.

Ladies aid society of the church was entertained by Winger. In order to help Mrs. Anna McVeigh, a teacher here, Miss Deborah resigned her school position at Fullerton.

Preparing At Theatres

The theatres were Dorothy "Extravaganza," Blanche and Robert Boswell in "The Legion," William Desmond in a "Funny Proposition," and in a "Tight Squeeze," and Allison in "In For Thirty

Editorial

Tomb thou shalt not hold him
longer;

Death is strong, but life is stronger;
Stronger than the dark, the light;
Stronger than the wrong, the right.
Faith and hope triumphant say,
"Christ will rise on Easter day."

In the midst of planning Easter
festivities, let us hope that the
Easter devotion in America may in
some respects measure up to the
Easter dress.

We know that to our boys far
from home fighting in the swelter-
ing, sultry heat of the disease-rid-
den tropics; to the boys keeping
patrol on the icy northern shores;
and to the ever-watchful, ever-alert
boys in the air and on sea, who
constantly flirt with danger, this
Easter message will bring renewed
courage and hope.

Their Easter services on foreign
fields will be little; perhaps just a
few minutes off in which thousands
of weary home-sick boys will raise
their voices in a song of praise or
perhaps a voice will read from the
Bible as the thousands of soldiers
congregate on the burning African
desert, bow their heads reverently.
Yes, their Easter Service will be
simple without the benefit of a va-
cation, of Easter clothes, or of a
family.

Just as Rickenbacker and his
crew gathered courage to face the
tomorrow, comfort for their darkest
hours, and inspiration for their acts
of courage—so will fighting men
the world over.

Let us, with so much to be thank-
ful for, not forget the true sig-
nificance of Easter and make it
one of true praise.

A woman gave a cripple 25 cents
and remarked sympathetically.

"It must be terrible to be lame,
but I guess things could be worse.
Suppose you were blind."

"You're right, lady," replied the
beggar. "I tried being blind and
people were always giving me coun-

Public Education Week Proves a Success

At 7:30 the parents of Brea-
Olinda students assembled in the
auditorium where Mr. Harvey bid
them welcome and then gave in-
formation as to where the different
rooms were located. The parents
then followed the program of
classes as made out by their son
or daughter. Each class lasted 20
minutes.

In the "classes" the faculty gave
information about the content of
the courses and answered any ques-
tions that they could. This contact
with the parents is of great value
to the teachers in their efforts to
bring out the best efforts of stu-
dents.

After the classes, all assembled
in the cafeteria and had coffee,
tea, and cookies. These fine goodies
were served by the members of the
faculty, assisted by Gabrielle Poles
and Anna Lou Hill.

In spite of all the running around
and climbing stairs, the parents
said that they had a fine time and
that they were looking forward to

shorthand student what he hoped
to accomplish this year in short-
hand, he would probably answer:
"I hope to pass my 60-word dicta-
tion test, and pass the complete
theory test."

Perhaps it is the knowledge of
these goals that spurs some stu-
dents on to greater achievement.
Each month presents a new oppor-
tunity, a new challenge to attain
these milestones, and thereby many
an outstanding stenographer is
born. Virginia Boyd had the honor
of passing the complete theory test
last week with a score of 94 per
cent, followed by Ruth Wolfe with
a score of 91 per cent. This test
is received each month from the
Gregg Shorthand company, and
qualifying students are awarded
certificates stating that they have
mastered the theory of Gregg short-
hand—a most coveted award when
industry is crying for more and
more stenographic help. Good work,
Virginia and Ruth—keep it up, and
your work will serve as an incentive
to others, as well as to yourselves.

Seniors Get Memory Books

At last the seniors have their
memory books. Last Friday Meda
Badger handed them out. Due to
the lack of lithographers, photo-
graphers, inscribers, etc., we were
unable to get an annual for every-
one; so the seniors have selected
a bound scrap-book and each mem-
ber of the class will make his own
to suit his taste.

Track Team Scores in County Meet Finals

Brea-Olinda track team entered
the meet at Tustin recently in
which all the schools of the Or-
ange League participated.

A's and B's received medals and
C's received ribbons.

Willie Garcia received a first
place in the 220 yd. L.H.; John
Wilson received two firsts, one in
50 yd. dash and the other in high
jump; Bill Turley received two
firsts, one in 100 yd. dash and one
in broad jump. The ones getting
firsts or seconds in these Orange-
League finals are eligible to go to
Long Beach Divisional Meet, May
15, where winners of the Orange
League, Citrus League and Sunset
League will vie for honors. If any
Brea-Olinda boys receive a place
at the Long Beach Divisional Meet,
they are eligible to go to Los An-
geles Coliseum where they will
compete with winners all over
Southern California. Here's hoping!

Personality

Personality is a term of wide
meaning. It is the sum of all the
impressions a person makes on
others. Character is the most im-
portant element in personality. It
includes characteristics which are
mental, physical, and spiritual. In-
telligence is subject to heredity, but
personality and character are large-
ly creatures of our environment and
can be developed. An eminent busi-
ness man has said that young men
fail to make good in business far
more from a lack of good character
traits than educational or technical
qualifications. If this is true, we
should develop these traits to a
maximum.

In school we are given a chance
to develop strong personal traits
by being given responsibilities in
various classes and organizations.

RECONSTRUCTION
INFORMATION

WELCOME!

The faculty and student body are happy to have you visit us on this particular occasion.

All of us feel that much better work could be done if your interest in us and our school would extend to frequent visits on that friendly basis which requires no invitations or special dressing up.

We hope your visit this evening will be a pleasant one.

INTERESTING FACTS AND FIGURES

CONCERNING NEW BUILDING

35,100 cubic feet of concrete were used in the reconstruction of the main building. To give you a comparative idea, a cement sack equals a cubic foot in volume.

18,900 cubic feet of reinforced gunite, a concrete applied under pressure, were used in refacing the outer walls.

The average strength of concrete used in the reconstruction is 3,000 pounds per square inch. The average strength of gunite is 5,000 pounds per square inch. This data was obtained by daily tests required by the state.

15,771 sacks of cement were used in the reconstruction of the building.

230,874 pounds of reinforcing steel were used for reinforcement of walls, beams, and columns.

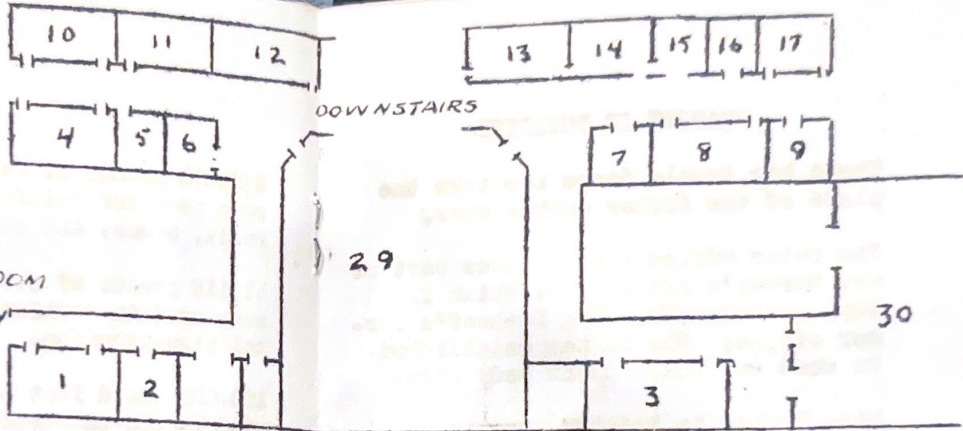

61,118 pounds of structural steel were used in vertical and horizontal strengthening.

108,022 board feet of lumber were used in the construction work.

58,500 square feet of plaster were put on the inner walls. Of this, 14,016 square feet was acoustical plaster for auditoriums, corridors, library, and administrative offices.

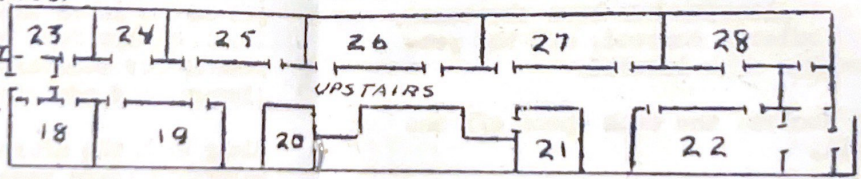

Along with the afore mentioned materials there were 5,500 bolts, 3,325 malleable washers, 1,730 alligator connections, and 1,955 joist anchors used in the construction work.

WHERE TO GO AND WHAT TO SEE

A Driver's Reaction Machine built by the Electric Class is on Demonstration in the Science room.

In order to give you an idea of what you are going to see from the Physics Class a little principle of the tester coil is given.

A new talkie machine has been installed in the Science room.

Mr. Stuelke's exhibits will consist of demonstrations of make-up, Dramatics, and Public Speaking. The contrasts of make-up will be demonstrated by Lake Dustin.

Singing and Dialogs in Spanish and interesting Spanish work are being given in Mrs. Shadforth's room at the East end of the hall.

In Mrs. Pinney's room, at the West end of the main hall, there are essays and books on exhibit.

All flower arrangements were made by the Related Art classes.

Many inviting displays combined with novel ideas can be found in the Library.

Miss Irene Stives, librarian and Miss Ruth Livingston have arranged a display of the immortal characters of literature.

A handicraft display, consisting of manual skill articles, new books, and comely flower designs, is presented by the Art Department.

The most popular books are recorded in a colorful display of circulation statistics.

You will receive pleasure by looking at the "Round-The-World" display.

Have you seen the dainty little baby dresses and useful things for the home that are being exhibited in the clothing department?

The Commercial Department under the direction of Miss Judson will exhibit some of the work of the commercial students.

The Metal Shop invites your attention. Note the equipment for vocational training. Many interesting things are on display.

Don't miss the exhibits in the Woodshop. Each article seen will make you envious.

The Mechanical Drawing room will have details of the construction of the building.

Don't miss this!

High school's first class president dies

Clarence Wise, 88, helped to establish student government and played football

By Jennifer D'Andrea
Brea Progress

Clarence Wise's last wish was to be buried in the city in which he made history 69 years ago when he became Brea Olinda High School's first senior class president.

Wise, who was 88, died Aug. 28 of Alzheimer's disease. His daughter, Royce Smith, carried out her father's wish Sept. 3 by laying him to rest in his hometown.

Wise was a member of Brea Olinda's football and basketball teams in addition to helping establish the school's student government. He also helped organize high school opera performances at a theater in downtown Brea.

He was born in Oklahoma and moved to Tonner Canyon in Brea with his family when he was 3 years old. He had 11 brothers and sisters.

While he was in high school, he met his future wife, Kathryn, who was Brea Olinda's first class secretary. The couple married in 1942.

After high school, Wise worked at Shaffer Tool Works, a company that made safety gates to keep oil wells from gushing, and was a carpenter in his spare time. He rebuilt two houses on Madrona Avenue in the heart of downtown Brea, where he lived with his growing family. Wise's daughter was born in 1943.

Smith, 54, has vivid memories of growing up in Brea when it was a booming oil town.

"I would literally go to sleep with the sound of oil wells pumping," she said. "It was a soothing sound to listen to. There were orange trees as far as you could see."

"Dad worked and did a lot of deep sea fishing in Mexico with his best friend. He was a very gentle person."

M. Loren Hernández/Brea Progress
Clarence Wise

“My dad and his friends took one of the teachers' Model Ts apart and hauled it onto the roof of the high school. They reassembled it and drove it around on the roof.”

ROYCE SMITH

Clarence Wise's daughter

“He liked jokes, and he liked baseball. He followed the Dodgers and was a staunch fan of sports at Brea Olinda High School, particularly when I was in high school.”

Smith remembers stories her father told her about Brea Olinda.

“My dad and his friends took one of the teachers' Model Ts apart and hauled it onto the roof of the high school,” she said.

“They reassembled it and drove it around on the roof. I don't know if the teachers ever found out who did it.”

Six years ago, the city announced plans to redevelop downtown Brea and with those plans came notices that the city

Please see **FIRST/12**

FIRST

FROM 11

was going to buy Wise's houses and move them to another part of the city.

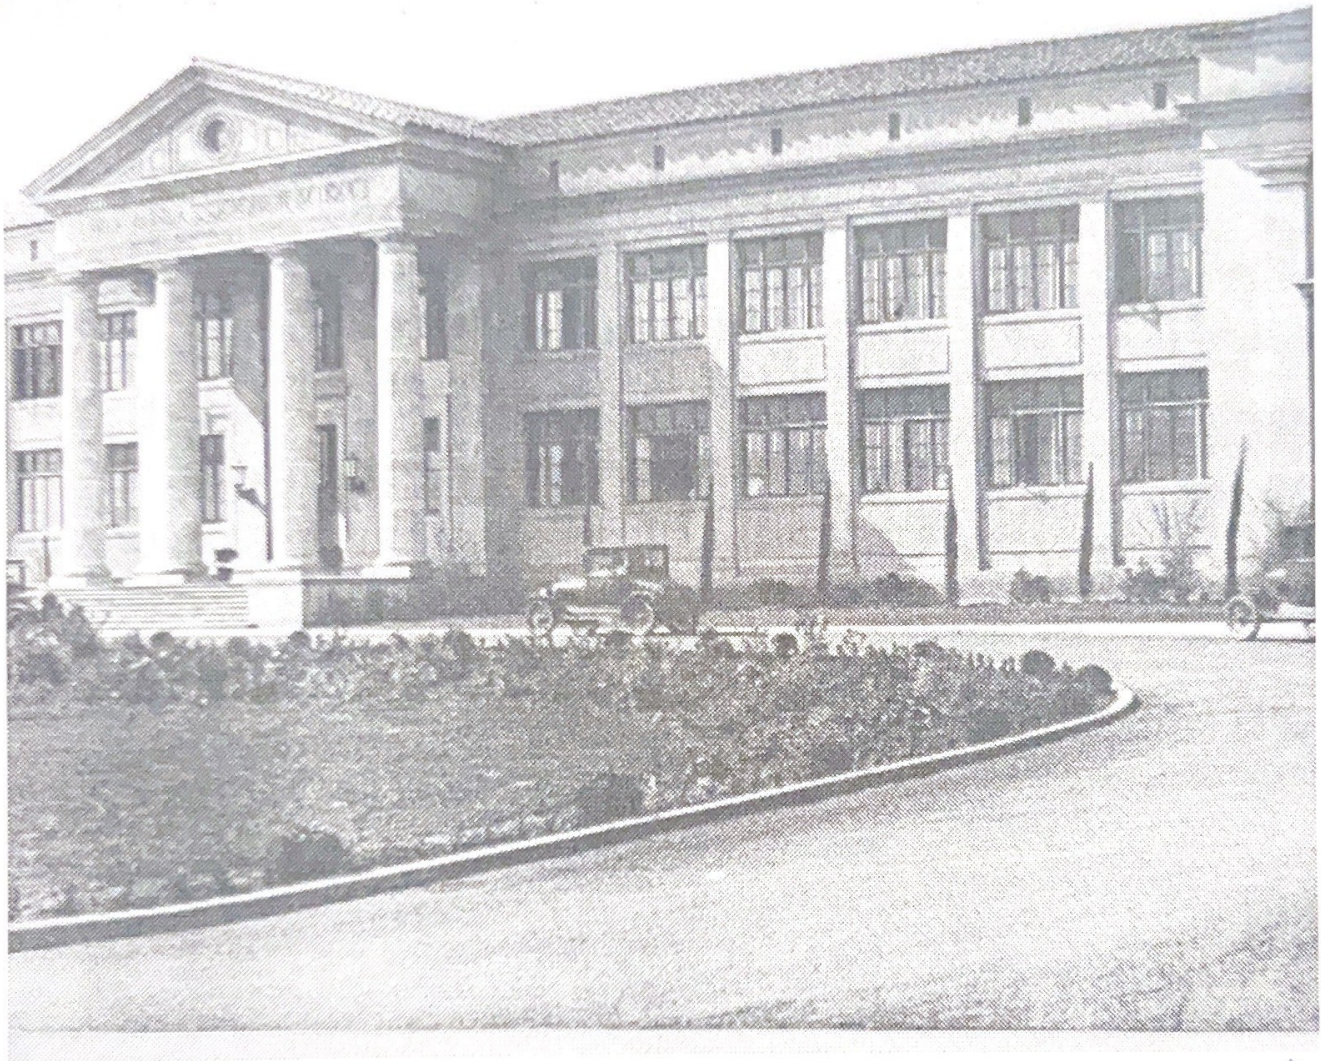

“He was relieved they weren't going to be destroyed,” Smith said. “My dad put in handcrafted cabinets and woodworking details. He was a perfectionist when it came to woodworking.”

After the city bought their houses, the Wises moved to Georgia to live with Smith and her family. Kathryn died in 1994 of heart problems. Wise's afflictions from Alzheimer's disease worsened and he lived in a nursing home the last three weeks of his life.

When Smith returned to her hometown for her father's burial, she was disappointed.

“To me, Brea is not Brea anymore,” she said. “They've taken out everything that was Brea, including the high school.”

“As far as landmarks and oil wells, it really does not resemble what it was when I was growing up.”

Seniors Plan Memory Book

Because of the shortage of films, ink, and many other essential materials that go into the making of an annual, the senior class will have memory books this year.

These books will have regular bindings with annual covers, and instead of printed pages, they will be more like scrap books with blank pages. Due to all the shortages of materials the seniors will be the only ones able to obtain the memory books.

All the staff members consist of seniors: Meda Badger, editor; Anna Lou Hill, assistant editor; Doris Nhai, art editor; Dick Scribner, business manager; Dale Varner, snapshot editor; Bob McConnell, assistant photographer; and Mrs. Roberts, adviser.

The art department will make the division pages, and the students will arrange their own books to suit themselves.

Wildcats Defeat Indians

The Wildcats travelled to Fullerton last Thursday and defeated the Indians 25-23. The Wildcats were led in scoring by Frank Oxandaboure with 13 followed by Dale Varner with 8.

The starting line ups were: Crow and Garcia, forwards; Varner, center; B. Oxandaboure, McConnell, guards.

Crayola Artist Entertains

On Wednesday, December 30, the Girls' League had a very interesting program. This was a different type of entertainment from any they have had. Mrs. Errol B. Sloan, wife of the minister of the Brea Christian church, was their guest.

She read a few inspirational

Service Salutes

Many students of Brea-Olinda will remember Don and Bob Hartness who attended school here during their sophomore year and later moved to Fontana.

Bob Hartness is now serving in the army air forces and Don is awaiting call into the army also.

They were both seniors in Fontana high school.

Mrs. H. I. Foster, mother of Eugene Foster of the class of '39, recently received word from him saying he is now stationed somewhere in the South Pacific battle area.

He said in his letters that the soldiers give the natives tobacco for every Jap soldier they bring in, dead or alive. He also mentioned that the weather is so hot and damp that it rots their clothing in no time at all.

We remember Eugene as a baseball player and as a member of the band.

Arm Chair General

I ain't much at predictin' things to come, but I'll bet a nickel to a doughnut that those Japs got somethin' up their kimonos that's gonna drop perty soon—Why? Well, the Japs have been saving their battleships and airplanes lately for some unknown reason. Also the "Sons of Heaven" have lost so many battles that they must strike a new blow somewhere to keep the morale of their people up; and, as the United States may have sent most of the holdlers to Africa, Japan figures that they could carry out an attack with very little resistance on either Hawaii, Alaska or Southern California. So I reckon you can see why we shouldn't be over confident even if it does seem like we're winning the war.
