**Evaluation
Mariposa Tour
June 6, 2002**

We are very pleased to have presented our History Tour for the 3rd-grade class of Mariposa School. We would like to find out from you what you thought of the tour and if you have any suggestions for improvements. Thank you!

1. Was the tour held at an appropriate time of the school year? YES If no, when would it be most appropriate? _____
2. Was the introduction to the tour (the meeting in the cafeteria with the docents and the children) helpful? YES If not, what suggestions do you have for this segment? _____
3. Did the tour at the museum meet your expectations? YES If not, what suggestions do you have for improvements? _____
4. Is there any event in Brea's history that you expected us to cover and we did not? What event(s)?
None, excellent
5. Please give us an evaluation of the tour as a whole. Include any suggestions for improvements and critiques of our methods of communication.
wonderful, leave as is!

Please return this evaluation form by July 15, 2002 to:

I loved all the gifts (stickers, rulers, etc.) that were handed out to the kids. It would have been nice for all of it to be in one bag, because the children had trouble carrying it all.

We are very pleased to have presented our History Tour for the 3rd-grade class of Mariposa School. We would like to find out from you what you thought of the tour and if you have any suggestions for improvements. Thank you!

1. Was the tour held at an appropriate time of the school year? Yes If no, when would it be most appropriate? It was great for the kids to see what we have been learning about all year!
2. Was the introduction to the tour (the meeting in the cafeteria with the docents and the children) helpful? Yes If not, what suggestions do you have for this segment? I thought it was interesting. Some of the children were starting to get wiggly after about 30 minutes.
3. Did the tour at the museum meet your expectations? Yes If not, what suggestions do you have for improvements? I thought the museum was great. It made an impression on the children.
4. Is there any event in Brea's history that you expected us to cover and we did not? What event(s)? I thought you might talk more about Art in Public Places.
5. Please give us an evaluation of the tour as a whole. Include any suggestions for improvements and critiques of our methods of communication. I thought the tour was GREAT! I feel so fortunate to have been a part of this. I hope you will continue this for many years to come. I have friends that teach 3rd grade at other Brea schools who would love to be a part of the Brea tour as well!
Please return this evaluation form by July 15, 2002 to: well!
