Dear Friend,

The host of friends of the late W. D. Shaffer who knew and loved him have expressed a desire to establish a memorial in tribute to his life and his work.

A plan has been evolved by the employees of Shaffer Tool Works, and a fund already started for the erection of a memorial fountain in the City of Brea, headquarters of the Company and Mr. Shaffer's home for many years. An artist's conception of the finished memorial appears on the cover of this folder. It is to be erected in the City Park, along Pomona Avenue, the main thoroughfare, with the beautiful sloping lawn and city plunge in the background. It will be made of concrete and plaster, in harmony with the City Hall, the American Legion Hall, and the plunge building, all located in the Park nearby. The pool and spray will be lighted, so that their beauty may be enjoyed at night as well as by day.

All of you who will receive this communication are familiar with Mr. Shaffer's life, and know of his outstanding work in the field of oil drilling and exploration. He was intensely active in the civic and social affairs of his community, serving for nearly ten years as councilman and mayor. The consideration of his employees, his host of friends, and his business associates was always foremost in his mind. We consider the memorial a fitting tribute to his life and his work.

Contributions are needed and invited to complete the memorial. We shall be grateful to receive whatever amount you care to give. Contributions should be forwarded to the W. D. Shaffer Memorial Fund, The Oilfields National Bank, Brea, California.

Very sincerely yours,

Charles McCormick
Chairman, W. D. Shaffer
Memorial Fund
